THE NAME ADVISOR FOR PEOPLE

There are many reasons you might want to analyze a name. Perhaps you are considering a name change or are expecting a child. In any case, it is important to recognize that the name you choose is only one part of the picture that determines who you will become.

A name is not unlike a blueprint. It reveals the talents, shortcomings, likes and dislikes, and a wide range of other traits, that were gifted on the day you received your name. Although your name may remain unchanged for decades, you evolve and change over time. This evolution begins with your date of birth. If a name change takes place later in life, it alters some of the traits and characteristics of the individual going forward, but the birth date and original birth name will continue to have the greatest impact.

In short, your name is YOU; your date of birth is YOUR PATH. Intertwined and co-dependent, every building block in a personality's DNA has the potential to change or disappear entirely, just as a missing quality can be learned or unlearned.

HOW TO READ THIS REPORT

No name is perfect. What you should look for are the specific strengths and talents you hope will benefit the person receiving the name.

If the name you are analyzing is for an unborn child, the report will only describe personality traits as reflected in the name you choose. Although it will be an incomplete picture (since the date of birth is unknown) it will still be a specific and detailed reading of the person about to be born.

The full name at birth describes their Personality, Hearts Desire, and Expression. If the child has already been born, use this Name Advisor to try a range of names. Once you have narrowed your choices, you may want to follow up with a complete Personality Profile, since you now also have the date of birth.

If you are considering a name change for yourself, the Name Advisor provides opportunities to try several names and variations. However, choosing a new name is not unlike buying a suit; it needs to fit. It is less important to find a name with a specific quality than to find one that suits you and feels comfortable to the person you know yourself to be.

Note: The report is written as if the person already exists.

An analysis of the name Hafeez

HOW HIS NAME NUMBERS STACK UP

He has a 6 Expression, 2 Heart's Desire, and 4 Personality. All three core numbers derived from his name are even numbers. This tells us he is primarily a realist who seeks practical solutions. He cooperates well with people, even those who hold very different opinions and values.

His 6 Expression reveals the talents, strengths, and weaknesses most likely to affect his professional and productive life. A highly creative number, especially in the visual arts, the 6 is also warm, tolerant, caring, and compassionate. This influence inspires dedication to the wellbeing of others, particularly his family, friends, co-workers, and people in his local community. While this is not a unique quality, it is an especially powerful motivator for him. Many teachers and healers have a 6 Expression. He would also make a good politician or lawyer and find success in almost

any career where interacting with others is required (although not so much in sales). Public relations, marketing, and advertising would likely fit him well. Additionally, the 6 and 2 combination is favorable for counselors, psychiatrists, diplomats, business negotiators, and human resources professionals.

His wide range of career options is due, in large part, to his 2 Heart's Desire being the perfect fit for his 6 Expression. The 6 is seen as the parent number. If not caring for children, he will probably care for others in a personal way. The most important talent of the 2 is working with people one-on-one. This favorable combination combines the caring, sacrificing aspects of the 6 with the gentle, cooperative, resilient traits of the 2.

His 4 Personality adds a very different dynamic. It is highly organized, disciplined, detail-oriented, and controlled. The 4 emits an impression of trustworthiness and reliability, although it can also seem somewhat boring and attracted to routine. Fortunately, his 2 Heart's Desire delivers enough charisma and openness to offset the 4's generally stodgy persona. His 6 Expression supplements as well, lending its warm and caring traits.

He has a strong romantic streak, so fostering a relationship is very important to him. However, he may need to watch for exaggerating fears. The 2 Heart's Desire and 4 Personality is susceptible to O.C.D. and other phobias. This is due, in part, because the 2 can be overly sensitive or fearful, and the 4 can be rigid and excessively habitual. In addition, his stable, down-to-earth 4 exterior hides a particularly sensitive interior. Although this may not sound uncommon, it likely affects the quality of his life more than most. His sensitive 2 Heart's Desire can make him more vulnerable than others; however, vulnerability also has the potential to help him live a rich inner life. With time, this can develop into the kind of wisdom people close to him will value enormously.

Let us look at each of the core numbers for more insight.

A CLOSER LOOK AT HIS 6 EXPRESSION

This is a loving and caring man with a tendency to put the needs of others before those of himself. He is responsible and trustworthy with a high regard for justice and honesty. Duty will follow him all his life and sometimes feels a little too much of a burden.

He is artistic; harmony and beauty are high on his list of priorities. He has musical talent but the creative talents of a 6 are sometimes left undeveloped or suppressed because of his tendency to sacrifice his time and pleasure to the service of others. He is highly creative in all areas of life, particularly the visual. He is also a talented business person and can work methodically toward the realization of his goals.

He has a natural gift with flowers, gardens, and animals. His love of children has caused

numerologists to dub him the "Cosmic Mother" or "Cosmic Father". The very shape of the 6 resembles and symbolizes "Pregnant with Love". He is a natural counselor and healer. But he must be careful not to interfere with the freedom of others. He is recognized as an idealist, mainly regarding marriage, friendships and humanity.

The 6 is the most harmonious of all numbers, but also contains within itself the greatest paradoxes. It is as if opposite tendencies were tenuously poised. Because of its gift for harmonizing these opposites, he is uniquely qualified to handle and integrate contradictions within himself. It is for this reason that 6s so frequently find themselves in the role of healers or counselors, creating a peace between opposing points of view, or internal conflicts within the self.

While he can be very idealistic, there may also be a temptation to acquire beautiful objects by improper means. He must also guard against other meddlesome behavior and domestic tyranny, or always having to have his own way in a family dispute. Conversely, he has it within himself to understand another person's dilemma and produce a creative solution. His natural ability to give comfort and warmth can smooth over hurt feelings like a healing balm. He attracts love and appreciation. And rightly so because he gives the same in return.

He makes an outstanding teacher (especially young children or special education), healer, counselor social worker, psychologist, artist, designer, gardener, florist, and farmer. He can be successful in business, especially those that involve dealing with people.

HIS HEART'S DESIRE IS 2

He wants peace and harmony in all aspects of his life. He wants to devote his life to someone or something. He falls in love easily. He is extremely sensitive and emotional. He can be sentimental, and he cries at sad stories. He needs friends and society. He appreciates the refinements of life. He desires comfort and security. He has refined taste and can be a connoisseur. He loves music and possesses a good deal of musical talent. His sensitivity is a symptom of his highly developed intuition. But he must learn to trust it.

He is a gentle soul and shies away from confrontation if possible. He experiences a battle within when he does not believe he can handle a situation; this may have a paralyzing effect on him. He prefers to give in when he should assert himself. He must learn to be more decisive. Very often, he is afraid to use his own power in the face of someone else's aggressiveness. He incorrectly perceives himself to be in a weaker position; he may ultimately give in merely to avoid a fight. Conversely, he is extremely diplomatic and tactful. He likes to accomplish things through quiet persuasion. He dislikes force.

He must fight uncertainty and doubt. He needs to develop confidence and a willingness to stand

up for what he believes to be right.

He functions best in a supportive role, guiding the more public person in quiet, unobtrusive, yet essential ways.

HIS PERSONALITY IS A 4

He radiates reliability and consistency. People trust him and feel secure with his judgment. He is seen as a cornerstone of a business and is relied upon to do his work efficiently and expertly. He has strength and respectability. He tends to dress in a utilitarian manner, concerned mostly with convention, practicality, durability, and price. He presents himself as someone who values correctness, control, and precision.

All this stems from the fact that his most prized characteristic is his work. He wants to be judged based on his performance, rather than his appearance. He is frugal and has learned to respect a dollar. He is concerned about the security of his future and those he loves. However, this may appear to others as a bit too austere.

He tends to wear earth colors and conventional attire. He could benefit by putting a little flair in his dress. Wear more uplifting colors. Loosen his dress with less severe lines. If he wears a brown suit, include a bright tie or some jewelry.

He is a family person. He loves the intimacy, consistency, and the security a family provides. He is a good provider and protector. But family members may take his efforts for granted.

He is a true patriot. He loves his country and is an integral part of his community. His consistency and adherence to his well-laid plans usually pays off in a comfortable and secure future.
