YOUR FIRST PERIOD CYCLE

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.

Your First Period Cycle is 7 and lasts until age 32

The 7 is probably the most challenging and difficult early Period cycle because it tends to set you apart from others, which can be lonely. Even as a child, your inner life is so compelling you likely immerse yourself in it. Although you may find it difficult to share your deeper feelings with others, this cycle produces some of the brightest and most original thinkers.

Escaping into your fantasies at an early age gives you a rich and textured intellect. You may or may not be aware of this, but others, including the adults in your life, are often in awe of the things you say and do. You reach a level of maturity early, assisted largely by your intuition and a mind that penetrates beneath the surface of any subject. Your first 25 to 30 years are a period of inner development that will benefit the rest of your life.

YOUR SECOND PERIOD CYCLE

The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

Sarah, your Second Period Cycle is 7 and lasts until age 59

A 7 Period Cycle during the middle years of your life produces a period of intellectual depth and contemplation. It is a time to concentrate on the big questions of life. You are attracted to science, technology, philosophy, and/or metaphysics. This cycle requires that you focus your energies and thoughts.

Regardless of the course you choose, you must immerse yourself and specialize to become an expert in your field. This is a period of inner development; meditation, contemplation, and self-reflection are your keys to enrichment and wisdom.

Relationships seem burdensome at times due to your desire to spend time alone. There is also

resistance to sharing your deeper feelings with others. Sharing your knowledge by teaching, counseling, or simply talking to others is beneficial.

YOUR THIRD PERIOD CYCLE

The Third Cycle represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Sarah, your Third Period Cycle is 8 and lasts for the rest of your life

As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle. There is promise in the air, financially as well as in personal relationships. You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others. You possess enhanced abilities as a manager, organizer, or financial planner.

Your ability to see the broad picture and execute bold plans grows with age. However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8. Your key to success lies in understanding the limits of material wealth.

YOUR FIRST PINNACLE CYCLE

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.

Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's. This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.

Sarah, your First Pinnacle Cycle is 5 and runs from birth until approximately age 32

This is a period that will teach the realities of freedom and expansion. You will travel great distances, meet many new and interesting people, experience many adventures, and essentially come to know the world. You are in a period of accelerated experimentation and learning. Experience is your teacher. Your ability with words is greatly increased. You can write and speak with ease. You are also able to successfully promote yourself. In fact, this is the source of much adventure; new opportunities for work, travel, and exotic experiences present themselves with regularity.

Your challenge is to prevent yourself from becoming a rolling stone. You need to ground yourself in a particular discipline, career, or relationship. This will not limit your freedoms so much as give you a base for operation. Otherwise, you may find yourself skipping from one meaningless job to the next, one superficial relationship after another. You can also fall victim to the abuse of food, alcohol, sex, or drugs. You must accept limitations as a necessary base for your freedom. Freedom cannot exist without limitations, otherwise you would be without identity, and without existence.

You may fear being anchored or tied down, which can cause you to skim the surface of a pursuit you enjoy, or important relationships. You must come to know the true meaning of freedom, which is unconditional love. You give your love and energy without the condition of holding on to a place, a person, or an occupation; and you expect the same in return -- to be loved for what you are, rather than someone who belongs to another. There is a highly spiritual path offering itself that requires detachment without loss of love. Many turn away from this and instead choose to

maintain a superficial relationship with the world, or with other people.

You must cultivate your talents, especially your verbal and writing abilities. You are likely a gifted salesperson, or promoter.

YOUR SECOND PINNACLE CYCLE

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Sarah, your Second Pinnacle Cycle is 6 and lasts until age 41 and runs from age 32 until age 41

Under this Pinnacle you will be very involved with family, friends, and your community. You will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well. Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. Sarah, you must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle -- especially at its outset -- people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world. You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

Sarah, your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits. Your desire to help others is also increased. But this can lead you to poke yourself into

situations where you do not belong or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions -- as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

YOUR THIRD PINNACLE CYCLE

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Sarah, your Third Pinnacle Cycle is 11 and lasts until age 50 and runs from age 41 until age 50

This is a challenging period in which you are at a high point of sensitivity and intuition. There is so much going on in your psyche that you can suffer much confusion over direction and identity. On the other hand, there is a wide-open channel between the personal consciousness and the higher realms of the unconscious. You are constantly being inspired and even assaulted by information and insight. Because of the intensity of these revelations, you must learn to ground your life in faith and a practical vocation that keeps your feet on the ground every day.

This is a period of enormous spiritual and personal growth. You will come out of it with a highly uncommon clarity and understanding of life. At the same time, it is a period of enormous demands, emotionally and spiritually. Any attachment you might have to specific identity traits -- who you think you are and why you are here, for example -- is constantly challenged. There is a desire to settle into some field or way of life to attain stability, but the energy of this Pinnacle is not allowing it. It is as if there is a destination, or destiny, to which you are being driven. You do not feel in control of this process. Instead, you are acutely aware of the forces that are shaping your life. You must surrender to them.

Meanwhile, you experience the emotional turmoil that can come with this highly charged period. There is a definite, even compelling, sense of being different. You are aware of a feeling of receiving special attention from spiritual forces. Your perception of life is somehow more acute than others; you see more clearly and more spiritually due to your high degree of sensitivity. It is as if you have a perfectly accurate peripheral vision, in which everything stands out in sharp relief. At times you may feel that you can see into the souls of things. At the same time, you may feel like a foreigner to the earth. You are completely impractical. Sometimes you may feel that you do not understand the workings of the physical world. Practical things escape you. You feel awkward and

clumsy at times and are aware perhaps how fluidly other lives are going. This increases your sense of being an outsider.

More important than all the awkwardness and feelings of being different is the overwhelming sense of having a purpose or a message to reveal that will make other people's lives happier, healthier, and more at peace. You want desperately to bring this out.

The challenge of the 11 Pinnacle is to remain grounded and attached to this dream. You must find practical and useful ways to be of service to others, at the same time developing yourself so that one day you may be able to bring forth that which is within you.

The influences of this period make you highly creative, innovative, and inventive. You have a completely unconventional approach to problems. Trust your intuition, seek harmonious settings to restore your sense of inner peace, and work hard to keep your feet on the ground. This period will bring great rewards on all levels, and with perseverance you will find your rightful place.

YOUR FOURTH PINNACLE CYCLE

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Sarah, You are repeating your Second Pinnacle Cycle

YOUR PHYSICAL TRANSIT

The individual letters of your name are used to find your Transits.

Your name is like music that vibrates in time; each note, or letter, has a specific duration and influence over the course of your life.

Your life can, therefore, be seen as a musical score, with individual letters making specific contributions at given points, just as notes in a musical piece give it its rhythm, character, and nuance.

The Transits appear as part of your Progressive Chart and will tell you much about specific influences taking place in your life during given years.

Your Physical Transit for age 37 and 38 and 39 is H

Your mind will be quite active during this period. The H Transit brings thoughts and ideas that are unconventional, original, and inventive. This is an ambitious time and self-promotion should pay off. Advancement and success are possible. Self-discipline is heightened, and you possess a clear understanding of what you want. Emotionally you could feel a little vulnerable and in need of love and attention.

YOUR SPIRITUAL TRANSIT

Your Spiritual Transit is based on your last name.

Your Spiritual Transit for age 37 and 38 and 39 is O

This is a time of strong emotional experiences, which can affect your health if you are not mindful. You may find yourself worrying unduly. It is likely that more responsibility will be placed on your shoulders, with sensitive, emotional issues involved. You will find yourself more interested in religious, philosophical, and physical studies. Your leadership abilities will be heightened during this transit.

YOUR ESSENCE CYCLE

Your Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year; which types of behavior will be supported by your milieu and which ones will be less effective.

If one or more of your Transits change after your birthday this year, you will find two Essence cycles. If you only have one Essence, it means none of your Transits changed.

Sarah, Your Essence for age 37 and 38 and 39 is 5

This is an important time of progress and advancement along the lines of your talents. Sarah, you will experience a relief from burden and increased personal freedom. Any talent you possess in writing, public relations, and the arts will be greatly enhanced. At the same time, business matters flow quickly and new opportunities for expansion seem to arise out of nowhere.

People are attracted to you and seek to help you achieve your goals. You possess an almost magical ability to promote yourself. Your fluency with words is greatly increased. You are more charming and attractive, which opens many new doors.

This is a period of travel and much learning. Opportunities to visit distant lands, encounter foreign cultures and peoples, and learn about life will come to you. Your personal growth will speed up considerably. As such, many old habits and outdated methods will fade from your life. It is as if you are being catapulted from the old and outworn, into a new and fast-paced period of personal growth and development.

Your desire to satisfy your senses will also increase dramatically. You must be careful not to overindulge in food, alcohol, sex, and even drugs.

Sudden events and chance occurrences will come your way. You must be alert to your opportunities. This is not a period of sitting back and waiting, but a time to move ahead rapidly. Your challenge is to remain focused on your more long term goals. Be disciplined in your work. Don't have too many irons in the fire. Sort out the important projects and endeavors and see them through from start to finish. Focus, discipline, and completion are the keys to your success.

YOUR PERSONAL YEAR

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birth date to birth-date.) There are nine personal year numbers in a complete Epicycle.

Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process. The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.

Your Personal Year cycle for 2026 is 6

This is a year of progress and financial advancement. Major career opportunities present themselves. It is a challenging year in which personal growth is joined with new responsibilities and challenges. This is a year of domestic responsibility and attention to the needs of family and friends. It is a time of heartfelt emotions and some sacrifice. It is a time for comforting and caring. You realize the importance of your place within your community. You will be called upon to help others bear their burdens. You are the proverbial friend in need. Deep feelings bring renewal to relationships and often a birth in the family.

You must work to create an atmosphere of harmony and balance. It is often a time when marital issues surface and need attention. However, you possess the understanding to deal with such issues effectively if you apply yourself with love and flexibility.

May is an emotional month filled with the promise and the stress of imminent changes. June is a breakthrough and a relief. September brings advancement, October self- reflection and readjustments, and December brings a sense of completion and fulfillment.

Your Personal Year cycle for 2027 is 7

You will experience a strong tendency to spend more time alone, to delve inside and find some answers and to reach a better understanding of yourself. This is not a year for social activities nor is it a year to try and reach goals on a material level.

You will find that the necessities of daily life seem to be taken care of by themselves. There is no need to be overly concerned regarding your material needs. Without slacking on your daily duties and responsibilities, you can afford to give more attention to yourself. This is a year for inner growth. It is your spiritual and mental presence that requires attention. Improve the quality of your life, read, contemplate and gain insight in yourself. You are important now. Rest and attend to your health.

It is during this year that you strengthen the foundation of your life, after all your success in all matters rests upon the strength of your inner self. There will be many strange and unusual events inspiring you to take a closer look at life and an opportunity is there to experience the joy and beauty of life without any artificial or exterior involvement but purely the growing awareness of yourself. Too much concern and desire for material rewards, Sarah, will turn this period of your life into a very bad experience indeed, while a "let go and let god " attitude will make this such a fruitful and pleasant year that you may find yourself wondering what you did to deserve this.

YOUR DUALITIES

How the yearly cycles affect each other.

Your Essence and Personal Year cycles are distinctly separate energies that influence you in different ways. Your Essence reflects your mental, emotional, and spiritual state of mind at a particular time in your life and feels like an internal influence; it's a stage in your personal evolution. Your Personal Year cycle, however, feels more external.

Your Essence and Personal Year cycles overlap creating a duality which produces its own influence. Most importantly, it tells us how you can get the most out of your mix of Personal Year and Essence cycles by looking at their combined influence.

Personal Year cycles run concurrent with the calendar year and change every year, while Essence cycles run from birthday to birthday and can be anywhere from one to eighteen years, sometimes even longer. Therefore, you can have either two or three Dualities during any 12-month period. Three, if your Essence changes (one before your birthday, one after your birthday, and another when the new year starts). If your Essence doesn't change, you have two Dualities, one for each calendar year.

For the purpose of Dualities, Essence cycles with Master Numbers (11, 22, or 33), or Karmic Debt numbers (13, 14, 16, or 19) are reduced to single digits, as their effect in the context of Dualities is indiscernible.

Your Duality for 2026 is 5 and 6

Sarah, having a 5 Essence during a 6 Personal Year can create conflict. However, you can help mitigate their discordant traits (and even turn them to your benefit) if you understand each number's characteristics, and the way they affect each area of your life.

Your 5 Essence could put you in a restless, at times even frantic state of mind. It indicates frustration and impatience with your current circumstances and a desire for change,

At the same time, your practical 6 Year (which influences the events and circumstances you encounter) will ask you to commit, stay the course and follow the rules. It could feel a little like being stuck in traffic when you've had way too much caffeine.

You can make this period less frustrating by slowing down and planning your moves carefully instead of letting the restless, unfocused energy of the 5 control you. For these opposing influences to work well in the practical areas of your life (career, finance, routine demands) you will

need to be disciplined and focused.

On the upside, your 6 Year has the potential to draw support and strengthen your relationships. This influence draws people to you, offering advice and resources without you having to ask.

Relationships are favored this year. If there are issues, it should be easier than usual to forgive, accept, and heal conflicts. The loving, compassionate nature of the 6 is largely responsible for this, but the flexibility and tolerance of the 5 will contribute as well.

Your Duality before your birth day in 2027 is 5 and 7

Sarah, when you read the chapters on your 5 Essence and 7 Personal Year, you probably noticed they are very different in nature. The 5 is extroverted and dynamic, while the 7 has an introverted, serious nature.

Surprisingly, in spite of their differences these numbers get along very well. The 5 is social, impulsive, daring, and a bit of a rebel; the 7 thoughtful, calm, and analytical. But if you put them in a room with ten other people, they will invariably end up absorbed in each other, oblivious to the rest of the crowd. The influences are drawn to each other by their shared curiosity and intelligence. To use an analogy, the 5 is the enthusiastic student, the 7 the wise teacher. Between them they exchange valuable commodities: energy and youth for wisdom and maturity. Both influences benefit and enjoy each other in the process.

The combination is not as favorable on a practical level. Since they both thrive on ideas, concepts, and philosophies, they function better in the abstract than actuality. Neither is lazy so there is no shortage of productivity, but they sometimes lack the focus necessary to bring ideas to fruition.

You have the ability to push the boundaries in all things spiritual/intangible and intellectual. At the same time, the world around you may feel uncooperative, and you could often find yourself standing alone - partly by choice and partly due to the changing circumstances around you. This should not affect your romantic, friendship, or family relationships as much as it does your professional life.

This year, your career or business, even personal, relationships should take second place to your own hopes and needs. It is a period that offers tremendous clarity, a time of growth, insight, and spiritual and mental expansion. With your state of mind more flexible and daring than during other Essence cycles, you have the opportunity to rediscover and realign your priorities and the direction you want your life to take.

With personal growth your main focus, you may need to make a deliberate attempt to keep relationships stable and free from unnecessary conflict. Similarly, added effort might be needed to

keep your career and other productive areas on track, as you may not feel as motivated or inspired about them as usual.

Make every effort to stay focused on important goals but try not to worry if you see less growth than expected in this area. Next year will focus largely on material development.

Your Duality for 2027 is 5 and 7

YOUR PERSONAL MONTH

The influence of a Personal Month gradually changes from one month to the next over approximately five days at the end and the beginning of each month.

Your Personal Month for August-2026 is 5

August brings some changes in work and your personal life. It is a dynamic time, and nothing goes according to plans. Play things by ear.

Your career progresses well as a result of your enhanced ability to find creative solutions. You make a good impression on some people who are in a position to reward you. There will, however, be a confrontation between you and a co-worker, with long-ranging affects. The outcome will depend on your personal strength and self-confidence. If you are involved in business deals or legal affairs, some surprising changes may take place. In all areas of your life, flexibility and adaptability are important. Your friends and family require a lot of attention. Social gatherings are frequent and will bring new relationships into your life.

Traveling, perhaps across the ocean, is possible and favorable.

Romance is exciting. Be socially active. If you are single, you could meet someone who will be a permanent part of your life.

Your Personal Month for September-2026 is 6

September will force you to deal with the issues of responsibility and loyalty. Devote your time and energy to the needs of family and community. Become involved in some sort of activity that will benefit others financially. You will, and should be, concerned less with your own financial affairs, than with those involving others. Be selfless and generous in all areas of your life. It is a time to forgive and heal. You are highly aware of your bond with the people you love, as well as with neighbors and co-workers.

Legal affairs you might be involved in come to the foreground. Financially, September has the

potential to be very good.

Romance is shaky. Choose your words well and follow up on promises. Don't forget birthdays.

Your Personal Month for October-2026 is 7

Distance yourself somewhat from the affairs and troubles of other people. During the course of this year you have been asked to help, counsel, and advise others many times. Now, give yourself a break. Spend time alone for contemplation and meditation. Study and reading are also favorable. Your workload does not decrease but much of it is routine and allows you to mentally drift. Still, your mind is sharp, and you can easily concentrate when you want to.

Inner healing takes place. Old wounds may be reopened. There is some sadness and nostalgia, but the healing is real and needed. This is a time of spiritual growth. Postpone decisions regarding financial affairs, if possible, until next month.

Matters of the heart are also a low priority. You are not very clear this month and would rather not be bothered with it. Emphasize your personal well-being. Diet, exercise, and go for walks. Don't distract yourself from soul-searching by watching television or other mind-numbing practices.

In many ways, your experience of this month will set the tone and direction for next year.

Your Personal Month for November-2026 is 8

November is an excellent time for business ventures, financial affairs, and all things related to the material world. You receive recognition for past effort in the form of financial rewards, respect, and possibly promotion. Implement any changes you have been considering in your business affairs.

As always, when the 8 shows up in the chart, a certain amount of balancing takes place. Punishment and reward are both possible. If you have put out sincere effort, the reward will be there. However, for some people, an 8 month may bring bad news, after all, the 8 is balance, including the balance between effort and reward.

This is a good time to straighten out financial dealings you may have with friends or relatives as well. This is not a good time to go into debt. But it is a good time for love. Strong feelings and passionate exchanges on the emotional and physical level make this an exciting month.

Your Personal Month for December-2026 is 9

December is the second time this year that some letting go has to be done. A relationship is going to end. This can cause some distress, but there are also feelings of gratitude. Your feelings run deep, but you have difficulty expressing them. You feel vulnerable and emotional. You are attracted to giving your time and energy to something outside of yourself. Clean out the garage or attic and donate the excess to charity.

There are changes in the work situation, such as a shift in personnel. In a strange turn of events, you may find yourself having to defend your actions and motivations. Your honesty may be questioned. If you are single, you may meet someone later this month. If you are committed, you may feel you are involved in a roller-coaster kind of relationship. Not to worry, things calm down by the end of the month.

Your Personal Month for January-2027 is 8

This, the first month of your 7 Personal Year cycle, brings success and reward from past effort. Self-reliance and confidence are the keys to success this month. Stand up for yourself and show stubborn persistence.

Your career is stable, with few ups and downs, but your finances are less secure.

A conservative attitude to money matters is favorable. Your attention is focused on long-term planning. You have good ideas that may well turn into an additional source of income later this year (during or around October). You also become interested in new avenues of thought or spiritual paths, which will inspire you to study or read.

This month's emphasis is on long-term goals.

Friends and relatives feel that you are a little distant and may get on your case in the hope that you will spend more time with them. Romance is not particularly important. If you are involved with someone, feelings deepen, and the bond becomes stronger.

Your Personal Month for February-2027 is 9

February brings a number of changes, most of them occurring inside of you. You awaken to new feelings about your job, your house, and the people around you. It is a time of reevaluating the choices and decisions you have made over the past several years. You gain clarity and understand your motivations and needs better.

You may cause some practical changes as a result of this, and even distance yourself from outdated habits or relationships. There may be some emotional turmoil connected to this, but the feeling of relief is more prominent. This is a tricky time in all areas of relationships. Your irritation threshold is lower than usual. Irrational demands and lack of patience from your side may bring on

feelings of guilt and you will probably find yourself apologizing more than once. You have strong idealistic, humanitarian, and spiritual feelings and may want to become more involved in some practical endeavors concerning one or more of these areas of life. However, you will probably postpone any active involvement for the time being, because you feel the time is not right.

Most important this month, is your enhanced clarity in all matters concerning your life and the direction it is taking. It is a time of re-assessment of your values and priorities and the influence of this month will be felt for a long time to come.

The practical aspects of career, business, relationships, and romance are all on the back-burner, but the inner-changes that take place represent a much larger step forward than you will probably realize at this time.

Your Personal Month for March-2027 is 1

Sarah, you may still have a case of the blues on the early days of this month, March soon brings optimism, increased energy, and excitement. You are intellectually sharp and imaginative. You feel that anything is possible and that the sky is the limit. Against the background of self-reflection and soul-searching that's such a major part of this year is this month's sense of spring-time in your heart. This is an excellent time to take on new challenges in your career, to start new endeavors, or, if you are in business or sales, to go out and snare that important new client.

Often, this month brings financial gain, but your attention is more directed towards intellectual accomplishments. Your pride and self-esteem gets a boost.

A more difficult aspect of this month is your relationship with loved ones. You lack the necessary sensitivity to respond properly to the needs of those close to you. Sarah, you are under the illusion that everyone feels the way you do; that problems are only minor impediments that can be taken in stride. However, your optimistic attitude also inspires them, and they grudgingly respect you for the way you seem to be handling things.

A romantic experience brings passion and excitement either late this month or early next month.

Your Personal Month for April-2027 is 2

Now the pendulum swings back from the insensitivity of last month to heightened awareness, especially of others. You are aware of the emotional subtleties that lie beneath the surfaces.
