THE POWER AND LIMITATIONS OF NUMEROLOGY

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages.

You are unique, and so is your Profile. We hope you enjoy your reading.

YOUR PERSONALITY PROFILE

Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with. Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

Your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. This has never been done before.

I hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. I wish you the best on your journey.

PART I: ABOUT YOU

Your Personality Profile is based on your full name at birth, your current name, and your date of birth. Your full name tells us who you are; think of it as your numerology-DNA. Your date of birth reveals your path and the patterns of your personal growth.

HOW YOUR NAME NUMBERS STACK UP

Jonathan, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.

All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.

This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.

Your Core Name Numbers are 22, 5, 8

Jonathan, your 22/4 Expression, 5 Heart's Desire, and 8 Personality are a good balance of practical, realistic, goal-oriented qualities. They also possess the dynamic energy needed to reach a level of success.

Your even numbers supplement and complement each other well. The 4 is a detail-oriented, methodical manager, and the 8 is a visionary who sees the big picture. Your 5 Heart's Desire reflects your need for change, variety, adventure, and most of all, freedom.

If there is a drawback to this combination, it is in your career. The impulsive, often irresponsible 5 is not the most stable influence, and is sometimes difficult to control. Nevertheless, here too there is a balancing factor. Your 22/4 Expression makes you cautious and always mindful of the consequences of your actions. This should help to corral your energetic 5. Although the 4/5 team helps to balance the influence somewhat, a conflict remains between your 5 Heart's Desire and

your 4 Expression. The 5 desires freedom and adventure; the 4 prefers organization and discipline.

Your Heart's Desire tells us what you like and dislike and determines what makes you truly happy. A 5 in this position compels you to live a dynamic, social, adventurous life free of limitations. It is what you need in order to live a happy, fulfilled life.

Your Expression number indicates your talents, abilities and shortcomings, particularly as they relate to your career and productive life. Your 22/4 Expression suggests you possess discipline and self-control. The 22/4 is detail-oriented, precise, and dependable. These traits can be important in your professional and productive life.

Both aspects are part of who you are. The influence you focus on at any given time will determine whether you will follow your heart without reservation or use your ability to keep some measure of control.

Just as you have conflicts, you also have qualities that support and supplement each other. Under normal circumstances, you make an authoritative, confident impression (your 8 Personality) behind which lies a careful, methodical thinker (the 22/4). You could be a successful entrepreneur or self-employed artist. You could just as easily choose a career in a restrictive environment such as the military or a government institution. For your happiness, however, the former would be a better choice, since freedom in your daily life is an essential element.

Every number sequence has positive and negative attributes. A challenging aspect in this combination indicates a potential for an (inflated) ego to rule your life. The 5 and 8 combination can be somewhat narcissistic. Also, you may be prone to tooting your own horn. Overindulgence, and occasionally addiction, can also be concerns for this combination. Again, discipline is the best protection against these pitfalls.

You have excellent potential to find happiness and contentment in your personal life. Your dynamic 8 Personality draws people to you. Your Personality is the part of you people notice when you first meet - the "outer" reflection of who you are. An 8 here suggests others view you as a loyal, generous leader. You are likely romantic, although you may have difficulty committing due to your adventurous, freedom-loving 5. Take time before committing to a serious relationship or starting a family. You may be prone to boasting about your accomplishments. If so, doing it in a subtle way is your challenge.

Now let's look at each of your core numbers individually.

THE EXPRESSION

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Your Expression is 22

You are the master builder. You possess a unique gift for perceiving something in the archetypal world -- infinite and divine -- and making some semblance of it manifest on earth. You dream big. Every goal you have is enormous in scope. You dream of creating something that will last centuries. Your desire is to change history. You want to make your mark on human civilization. There is no limit to what you are capable of, nor any on what you dream of doing. Of all the numbers, yours possesses the greatest potential for accomplishment. At the same time, you possess the greatest liability. What it will require of you to fulfill your potential is nothing less than your entire life.

Even as a child, you have had a vague sense of what you must do and have always been deeply intimidated by the awesomeness of your task. You have felt the intimations of your power. But these feelings have caused you to feel paralyzed by doubt. You must advance well into adulthood before you can begin to make use of your power and truly commit to your destiny. The promise and reward of your Expression is equaled only by the degree of difficulty and struggle necessary to realize its potential.

The number 22 offers those who fully realize it a chance to jump into another dimension in which your day is expanded, your capacity to create and inspire multiplied, your ability to perform lasting service to mankind extended beyond the normal limits of one's life.

You may turn away from the challenge you face for the safety of limitations and practical considerations of the 4 (22 reduces to a 4 expression). You may not want to take the great risks that the 22 presents. Instead, you may try to content yourself with limited achievements, telling yourself that your big dreams are unrealistic fantasies. This can cause some frustration, because on some level you feel called to greater things. Nevertheless, your chances to be successful, even when you limit your efforts, are still good.

You have great leadership abilities. You are persistent. You also refuse to back down in the face of a challenge. You like to work in large enterprises and on an international scale. Borders or racial identities mean little to you. You see yourself as a world citizen, playing on the planet, and refuse to be limited by petty conventions.

You should marry someone who does not depend on you for entertainment, rather choose a spouse who can participate with you but provide an independent contribution to your goals.

You are blessed with a farsighted vision. Your efforts are directed toward great accomplishments and long-standing progress. You deeply want to create a great edifice that will make a lasting contribution, and you have all the tools necessary to do just that.

THE HEART'S DESIRE (A.K.A. SOUL URGE)

The Expression number described above points to a more productive side of your life. Your Heart's Desire, also called Soul Urge number, reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.

You might say that it is in the flow of your breath that you express your deeper self.

Your Heart's Desire number is 23/5

Freedom is essential for your happiness. You love change, new experiences, meeting new people, adventure and travel. You love the exotic, faraway places. Variety is more than mere spice of life -- you thrive on it. You are extremely flexible and adaptable. You have more curiosity than the proverbial cat. You have a sharp mind and a natural ability with words. You are a born communicator, clear, fluent, and imaginative in every area that interests you -- which are many!

Your Heart's Desire makes you very well equipped for life. Change -- the only constant in life -- doesn't threaten you, as it does other people. You are highly resourceful. Generally, you can think clearly in a crisis; you have good mental and physical reflexes. Whenever you fall, you tend to land on your feet.

You are highly enthusiastic. You get excited easily over a new idea or opportunity. Your nature is unconventional. You are a bit of a gambler, taking risks whenever you think the rewards are worth it.

You are very socially oriented and rarely, if ever, dull or boring. You are, of course, drawn to those people who, like yourself, are original thinkers and have exciting personalities.

You enjoy being involved in several projects at the same time. You need continual stimulation by the new and fascinating. You tend to discard boring pastimes quickly. Your love of freedom and change can have numerous consequences. You can be irresponsible, especially when it comes to finishing tasks. You have a hard time persevering at a given project and bringing it to completion.

You must be careful that your love of sensory pleasure doesn't lead you to excessive indulgence in alcohol, food, sex, and even drugs.

You are a bit of a hero and want to save the world. This causes you to make promises you often cannot keep. Down deep, you long to please everyone, an impossible goal. Many 5s can be emotionally superficial. They feel love passionately, but fear making deep and lasting commitments. As a result, they resist the depths of emotional attachments and remain on the surface where it is safe.

You will experience many changes and unusual events, but you learn best through experience. Therefore, your life will be full, and you will make great strides in personal growth.

THE PERSONALITY

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

Your Personality number is 17/8

You appear strong and powerful. You have an impressive personality and can influence and even intimidate through sheer force. You have natural authority. Your competence and enthusiasm attract people with resources. You radiate confidence. People defer to you because they sense your sureness and effectiveness. You also exude a kind of controlled benevolence. People sense that you are generous, once you are convinced of the worthiness of the cause.

It is important for you to dress well. You radiate a kind of raw power and able-ness which needs to be refined and enhanced by your clothing. You may even dress a bit flashy, but that will not harm you. Quality is among your highest priorities and should reflect in your clothing. Although most eights have a strong constitution, they can be prone to indigestion, ulcers, and heart disease due to their reckless eating and

drinking habits and their propensity to be workaholics.

Your Achilles heel is your capacity for an egocentric attitude. The negative side of your personality can cause you to be ruthless, greedy, and intensely lonely. Conversely, you can be spontaneous and excited. You are essentially warm and jovial. In your heart of hearts, you want everyone to be as excited and as happy as you. Those who are around you often sense this. Your coworkers and employees usually like you.

THE HEART'S DESIRE - PERSONALITY BRIDGE

A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.

The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self to align more closely with your personality; the "outer" you that is apparent to others.

With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.

Your Heart's Desire - Personality Bridge number is 3

Loosen up a bit. Have some fun; recharge your batteries. Be more generous to yourself. Communicate your deeper feelings without fear to those close to you. Be more creative, particularly in the areas of dancing, writing, acting, or poetry. Develop faith in yourself.

PART IV: SPECIFICS ABOUT YOU

Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.

PLANES OF EXPRESSION; THE PHYSICAL PLANE

You experience life on four different levels: physical, mental, emotional, and intuitive. Your Planes of Expression indicate how you function on each of these planes.

Your physical plane links you to the material world.

Your mental plane, like the emotional and intuitive, perceives the invisible world; the realm of thought and reason.

Your emotional plane is preoccupied exclusively with feelings.

Your intuitive plane gives you access to the insight and knowledge that comes effortlessly as if placed at the doorstep of your mind.

In each category, the number of letters, and their numerical value, gives an indication of which Planes of Expression are stronger in you and which are weaker. Each of us is dominated by one or two of the first three planes. The physical and mental are the most widely used, although a name dominated by emotional letters is not uncommon. The intuitive plane is usually the least utilized. A name dominated by intuitive letters is extremely rare but having no intuitive letters in a name does occur. This does not mean a lack of intuition but points toward a tendency to ignore or distrust intuitive insights.

The Physical Plane represents the physical letters in your name.

Your Physical Plane of Expression is 5

You have a natively strong constitution. You are versatile and resourceful. You have aflexible body and quick reactions.

You enjoy change, travel, and meeting new people. You have a talent for promoting ideas. You are attracted to the new and exciting. You seek knowledge and understanding through experience. You go about life in a unique and innovative way; you avoid the conventional and traditional. You talk well about many different things and are an excellent salesman if you believe in the product.

THE MENTAL PLANE

The Mental Plane is based on the mental letters in your name.

Your Mental Plane of Expression is 55/10/1

Your mind is very sharp and quick, coming up with good and innovative ideas in a flash. You process information quickly but tend to put it in short-term memory. You use information for a specific purpose but forget it quickly when it no longer has any relevance to your immediate needs. You are the proverbial quick study. You pick up information like a vacuum and may have a facility with languages. You are witty and charming, and you get bored easily.

You are extremely original. You love moving into the frontier of any enterprise to come up with innovative methods. You are a ground-breaker.

THE EMOTIONAL PLANE

It is not uncommon for a person to have a name dominated by emotional letters.

Your Emotional Plane of Expression is 36/9

You love the many and want to dedicate yourself to the service of those less fortunate than yourself. You are willing to make great sacrifices for a worthy cause, and in fact draw enormous satisfaction from knowing that your life has made a positive difference to others.

Conversely, you have difficulty in one-to-one relationships, especially relationships with the opposite sex. You are viewed as impersonal and sometimes a bit aloof. You can also be hard to get to know. You are a person possessed by your dream and have trouble with relationships that are not an integral part of that dream. You appear to others as self-sufficient, which can make close relationships a little more

difficult since people want to be needed.

You have enormous artistic talent, especially in a variety of arts, such as interior design, photography, acting, and writing.

You have great compassion and idealism. In fact, you are so idealistic that you can be a bit impractical and lose touch with the ground. You need a practical, down-to-earth cause to be most effective.

THE INTUITIVE PLANE

A name dominated by Intuitive letters is extremely rare. It is, however, not at all uncommon not to have any intuitive letters.

Your Intuitive Plane of Expression is 7

You have great intuition and insight in abstract and metaphysical matters. You seek a broad perspective on all intuitive matters. You like to provide scientific and rational support to all of your intuitive insights. You have an inventive mind and likely have a talent as a writer or composer.

THE RATIONAL THOUGHT NUMBER

Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?

Your Rational Thought number suggests the general approach you take in your thought process.

Your Rational Thought number is 9

You are always aware of the expectations of others, and you hold off on expressing your opinion until everyone has had their say; then you point to the mistakes and the things that were overlooked. Your success in solving problems and in finding answers is the result of a process of elimination, more than it is a matter of stringing together logical answers.

THE BALANCE NUMBER

Your Balance number provides guidance on how to best deal with difficult situations.

People experience a variety of internal responses to life's challenges. Some step back from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable

emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.

Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.

Your Balance number is 5

Try to focus on your problem, Jonathan, rather than avoiding it. You may try to avoid the issue by indulging your senses to keep from feeling the pain of a conflict. Be careful not to escape into food, alcohol, and drugs.

You are capable of finding a highly-creative solution to any situation the minute you put your mind to it. The answer lies well within your grasp.

THE HIDDEN PASSION

Your Hidden Passion reveals specific strengths or talents that are available to you, such as a specific field of expertise or (as the name implies) a passion. Metaphorically, this talent or passion may be seen as having a power all its own to help shape your life.

Having a talent demands that you nurture and express it. Your Hidden Passion gives you the desire to develop and express your particular ability. In this way, it shapes your personality and guides your life.

Your Hidden Passion number is 1

You have a strong drive to stand out. You have a great ambition and desire to accomplish. You are highly competitive and want to be the best and the first in everything you do. You are highly energetic and creative. You are capable of influencing and even dominating others. You have highly developed political skills and can succumb to manipulation unless your ideals are high. Ironically, there are times when you lack confidence, especially at an earlier age, but you have the strength to overcome this obstacle.

You are a survivor, a warrior, a leader. Many great athletes and politicians have this number as a Hidden Passion.

KARMIC LESSONS

Karmic lessons are recognized by the absence of certain letters in your name and describe areas

we are weak in that require recognition and effort to overcome.

The letters in your name point to talents and abilities that you possess; tools that are available to you. Missing letters imply tools that are unavailable, they must be learned and mastered during your lifetime.

You can have more than one Karmic Lesson or, if every number is represented your name, you don't have any.

Although you may feel you have learned to overcome one or more of your Karmic Lessons, you will continue to be challenged by them throughout your life.

Your Karmic Lesson is 0

You don't have any missing numbers in your name, therefore, you don't have a Karmic Lesson.

When you don't have a Karmic Lesson, your life's challenges and obstacles described under the chapter for Challenges, as well as chapters discussing Bridge numbers, tend to be a bit more intensified.

THE CORNERSTONE

The first letter of your first name gives an additional indication of your character, particularly in the way you approach opportunities and obstacles. This first letter is called your Cornerstone.

Your Cornerstone is J

Your J is for Justice. You are honest, loyal, reliable, and sincere. You want to improve the lives of others. You may try too hard to please everyone. You have a clever mind and are incredibly talented. However, you must work at motivating yourself to make the most of your talents.

THE SUBCONSCIOUS SELF

Your Subconscious Self is based on how many numbers are represented in your name, and indicates your ability to make the most of your talents and opportunities, especially when you face new, challenging, or even dangerous circumstances.

Your Subconscious Self number is 9

You are somewhat impersonal and may be difficult to get to know. You are not demonstrative of your affections, though you often have deep feelings and great compassion. You are competent and controlled in any situation.

You have no specific Karmic Lessons and are therefore not as vulnerable to Life's ups and downs as others.

PREPARED AS A GIFT - NOT FOR SALE

PART II: THE PATH YOU ARE ON

If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA. The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.

Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth. Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.

THE LIFE PATH

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Your Life Path number is 16/7

You are the searcher and the seeker of the truth. You have a clear and compelling sense of yourself as a spiritual being. As a result, your life path is devoted to investigations into the unknown and finding the answers to the mysteries of life. You are well-equipped to handle your task. You possess a fine mind; you are an analytical thinker, capable of great concentration and theoretical insight. You enjoy research and putting the pieces of an intellectual puzzle together. Once you have enough pieces in place, you are capable of highly creative insight and practical solutions to problems.

You enjoy your solitude and prefer to work alone. You need time to contemplate your ideas without the intrusion of other people's thoughts. You are a lone wolf, a person who lives by his own ideas and methods. As a result, close associations are difficult for you to form and keep, especially marriage. You need your space and privacy, which, when violated, can cause you great frustration and irritation.

When your life is balanced, however, you are both charming and attractive. You can be the life of a party and enjoy performing before an audience. You enjoy displaying your wit and knowledge, which makes you attractive to others, especially the opposite sex.

But you have distinct limits. While you are generous in social situations, sharing your attention and energy freely, you are keenly aware of the need to "come off stage" and return to the solitude of your lair. You associate peace with the unobtrusive privacy of your world. Therefore, intimacy is difficult for you, because you guard your inner world like a mother lion does her cubs.

All this privacy and aloneness can cause isolation and loneliness, however. You can be aware of emptiness in your life, a part of you that yearns for company and close companionship that may be unsatisfied. If isolation is brought to the extreme, you can become cynical and suspicious. You can develop hidden, selfish motives, which people may sense and may cause them discomfort around you. You must guard against becoming too withdrawn and independent, thus shutting out the love of others and keeping you from experiencing the true joy of friendship and close companionship.

You must especially watch out for selfishness and egocentricity, thinking of yourself as the center of the universe, the only person who really matters. Social contact gives perspective on yourself and on life, while too much isolation can make you too narrow and even shut off from the rest of the world.

Secretly, you may feel jealous of the easy relationships formed by others; you may perceive others as less inhibited than you, or freer to express themselves. You may harshly criticize yourself for not being more gregarious, powerful, or capable of greater leadership.

Your challenge in life is to maintain your independence without feeling isolated or ineffectual. You must hold fast to your unique view on the world, while at the same time being open to others and the knowledge they have to offer. With your abilities to learn, analyze, seek out answers to life's important questions, you have the potential for enormous growth and success in life. By the time you reach middle age, you will radiate refinement and wisdom. Pythagoras loved the seven for its great spiritual potential.

Your 16 Life Path also reflects the presence of a Karmic Debt. (The 13, 14, 16, and 19 are Karmic Debt numbers.) The 16 Karmic Debt means destruction of the old and birth of the new. The 16 is about the fall of the ego, and all that it has built for itself. It is a watershed, a cleansing. All that has been constructed, and all that serves to separate the person from the source of life is destroyed.

Through the 16, reunion with the Great Spirit is accomplished. This can be a painful process, because it usually comes after much ego inflation. This results in a struggle between the ego and the divine will. Life presents challenges to your grand plans, which can be resented and struggled against. It is a lost battle, and you will likely feel humbled in the face of the collapse that follows.

This humility is the key to later success, however, because you will learn to follow the intimations of a higher reality. In the destruction of the old, a spiritual rebirth takes place with an entirely new awareness.

This rebirth affects every area of your life. It is a life much the better for the fall.

Those with the 16 Karmic Debt must be careful of egotism. Very often, those with the 16 use their highly intuitive and refined intellect to look down upon others and view the rest of the world as inferior. This causes acute alienation and loneliness. In addition, it invites retribution, for the egotist is humbled more harshly than any other. When the 16 is in one of the core numbers, this process of destruction and rebirth is a continual cycle that actually serves to bring you into higher consciousness and closer union with the source of life.

The 16 Karmic Debt can be a path of progress and great spiritual growth if it is looked at properly. One develops great faith by placing one's life in the hands of God. Through such faith, gratitude and peace are firmly established.

THE BIRTH DAY NUMBER

The day you were born bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.

Your Birth Day number is 25/7

You possess a highly-developed mind. It is your instrument for investigating the world and all its subjects. You are philosophically and spiritually oriented. You can and should specialize in one given field in order to make full use of your abilities and your natural intellectual gifts. You tend to be analytical and rational in your approach to relationships.

Emotions are a cloudy and uncertain realm for you, which, very often, you do not trust. Emotional people are sometimes viewed by you as a bit immature or unpredictable.

You have excellent intuition. You should meditate and do some type of spiritual exercise in order to develop your intuitive talents. Once you have begun to trust your intuition, you will develop a sound faith.

You should avoid taking anything at face value. Nor should you take excessive chances or gamble. You are not the type that should be given to reckless living. It tends to backfire quickly for you.

You prefer to work alone and set your own pace. You tend to finish projects once started. Your interest leans to the scientific, technical, and metaphysical. You are very sensitive and feel deeply, but you don't share your feelings easily and do not communicate them well. You like to spend time alone but have to be careful not to become too withdrawn.

You can be opinionated and stubborn. You must guard against becoming too analytical, cold-hearted, and

cynical. You can be highly critical and self-centered -- traits that can lead to much unhappiness, especially in marriage, if you are not careful. Once married, you tend to be loyal and faithful.

Make the most of your gifts of mind without losing your heart in the process. Share your emotions with those you trust and maintain long-lasting close relationships. This will balance your mental life and will be a source of great comfort.

THE LIFE PATH - BIRTH DAY BRIDGE

Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.

Your Life Path - Birthday Bridge number is 0

Your 0 (zero) Bridge shows that in order for you to get the most out of your particular Life Path and Birth Day numbers, you would do well to pursue a wide world view. Knowledge of other cultures and societies, through books, film, travel, and interacting with strangers can expand your awareness beyond simple information gathering. It advances your self-awareness by strengthening your bond with humanity and creates a sense of freedom as well as comfort.

CHALLENGES; YOUR FIRST CHALLENGE

You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.

The four Challenges in your chart will influence you during the periods of your life listed below.

The duration of your First Challenge usually lasts from birth until age 30 to 35.

Your First Challenge is 0

This is a less demanding challenge. Growth is allowed to take place without one particularly serious obstacle. This does not mean that there will not be challenges on your path, but there is no single and consistent challenge during this period. However, you are being challenged to stay faithful and focused on your highest ideals.

There is an opportunity to go deeper within yourself, and discover the inner being that is you.

THE SECOND CHALLENGE

Your Second Challenge is in place from approximately age 30 through 55.

Your Second Challenge is 5

You are in danger of becoming a rolling stone. Your desire to experience and enjoy life can overwhelm every other priority you have. Your need for freedom dominates you. You want to try everything and go everywhere.

You must guard against overindulgence -- and even dependence upon -- alcohol, food, drugs, and sex.

You must work at establishing and maintaining long- lasting relationships. Be tolerant and understanding. This will enable you to have people in your life who are more than mere company.

You need to discipline your urge to change every situation that does not immediately suit you. Stick with projects, maintain your friendships, don't abandon people or situations the minute they become the slightest bit difficult.

If few fives are in the chart you have a fear of change and cannot let go of people and situations. This holds you in the past, restricting your growth. Learn to take prudent risks and be more adventurous.

THE THIRD AND MAIN CHALLENGE

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control. There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.

Your Third and Main Challenge is 5

THE FOURTH CHALLENGE

Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.

PART III: YOUR PATH AND YOU

We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth. Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.

THE LIFE PATH - EXPRESSION BRIDGE NUMBER

This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your goals and personal growth.

Your Life Path - Expression Bridge number is 3

Your 3 bridge suggests there could be a distinct gap between your understanding of what your talents and strengths are, and the way you approach the opportunities and challenges you encounter. You likely experience a reluctance to grab opportunities when they come your way, preferring to hold on to what you know rather than reaching for something new and different.

This is not due to personal preferences, but to a lack of confidence, which can also impair your ability to express yourself with clarity and conviction. You become more confident and communicate better if you are able to relax and have faith in yourself. Loosen up a bit. Be more generous to yourself and less concerned with others.

PERIOD CYCLES; YOUR FIRST PERIOD CYCLE

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.

The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. This cycle begins in the early and mid-30's while struggling to

find your place in the world. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

The Third Cycle starts approximately age 55, and represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Your First Period Cycle runs from birth until your mid 30's.

Your First Period Cycle is 7 and lasts until age 29

The 7 is probably the most challenging and difficult early Period cycle because it tends to set you apart from others, which can be lonely. Even as a child, your inner life is so compelling you likely immerse yourself in it. Although you may find it difficult to share your deeper feelings with others, this cycle produces some of the brightest and most original thinkers.

Escaping into your fantasies at an early age gives you a rich and textured intellect. You may or may not be aware of this, but others, including the adults in your life, are often in awe of the things you say and do. You reach a level of maturity early, assisted largely by your intuition and a mind that penetrates beneath the surface of any subject. Your first 25 to 30 years are a period of inner development that will benefit the rest of your life.

SECOND PERIOD CYCLE

Your Second Period Cycle runs from your mid 30's until your late 50's.

Your Second Period Cycle is 7

A 7 Period Cycle during the middle years of your life produces a period of intellectual depth and contemplation. It is a time to concentrate on the big questions of life. You are attracted to science, technology, philosophy, and/or metaphysics. This cycle requires that you focus your energies and thoughts. Regardless of the course you choose, you must immerse yourself and specialize

to become an expert in your field. This is a period of inner development; meditation, contemplation, and self-reflection are your keys to enrichment and wisdom.

Relationships seem burdensome at times due to your desire to spend time alone. There is also resistance to sharing your deeper feelings with others. Sharing your knowledge by teaching, counseling, or simply talking to others is beneficial.

THIRD PERIOD CYCLE

Your Third Period Cycle covers the later part of your life, starting in your early 60's.

Your Third Period Cycle is 2

Jonathan, the later part of your life finds you increasingly intuitive, relying more on your heart than on your mind. You become less inhibited, as you gradually lose the fear of showing your true and deeper self. You are more direct and less hesitant to express your feelings. You rely on your gut feelings more often. "If it feels right, it probably is," could become one of your stronger convictions. You are better at working with people and you become a master in the fine art of persuasion.

Younger people, and others, are drawn to you - especially those who live with difficult circumstances and those who could use your help. You may well discover a talent you have not previously considered, perhaps in the visual arts.

PINNACLE CYCLES; YOUR FIRST PINNACLE CYCLE

Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.

Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.

Your First Pinnacle cycle is 5 and runs from birth until approximately age 29

This is a period that will teach the realities of freedom and expansion. You will travel great distances, meet many new and interesting people, experience many adventures, and essentially come to know the world. You are in a period of accelerated experimentation and learning. Experience is your teacher. Your ability with words is greatly increased. You can write and speak with ease. You are also able to successfully promote yourself. In fact, this is the source of much adventure; new opportunities for work, travel, and exotic experiences present themselves with regularity.

Your challenge is to prevent yourself from becoming a rolling stone. You need to ground yourself in a particular discipline, career, or relationship. This will not limit your freedoms so much as give you a base for operation. Otherwise, you may find yourself skipping from one meaningless job to the next, one superficial relationship after another. You can also fall victim to the abuse of food, alcohol, sex, or drugs. You must accept limitations as a necessary base for your freedom. Freedom cannot exist without limitations, otherwise you would be without identity, and without existence.

You may fear being anchored or tied down, which can cause you to skim the surface of a pursuit you enjoy, or important relationships. You must come to know the true meaning of freedom, which is unconditional love. You give your love and energy without the condition of holding on to a place, a person, or an occupation; and you expect the same in return -- to be loved for what you are, rather than someone who belongs to another. There is a highly spiritual path offering itself that requires detachment without loss of love. Many turn away from this and instead choose to maintain a superficial relationship with the world, or with other people.

You must cultivate your talents, especially your verbal and writing abilities. You are likely a gifted salesperson, or promoter.

THE SECOND PINNACLE CYCLE

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Your Second Pinnacle cycle is 9 and runs from age 29 until age 38

This is a period in which you must identify with some larger project or goal that is bigger than you, Jonathan. Your greatest satisfaction will be in providing for others, as well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism -- a particularly appealing choice of careers during the 9 Pinnacle -- will feel themselves strengthened by the knowledge that they are advancing the safety and well-being of society. The 9 Pinnacle is a time in which you apply your energies to the good of the larger community. As a result, there is an element of self-sacrifice present. To some degree, you must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom but making a conscious effort on your part to strike a balance

between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it.

The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetic sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theater productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world. Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many.

Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching. In short, you are highly idealistic. You will likely travel extensively during this period and meet people from many walks of life.

No matter what your area of expertise, you have a chance not only for success but for fame.

THE THIRD PINNACLE CYCLE

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Your Third Pinnacle cycle is 5 and runs from age 38 until age 47

THE FOURTH PINNACLE CYCLE

Your Fourth Pinnacle Cycle lasts for the rest of your life.

MATURITY NUMBER

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for

your life.

Your Maturity number is 29/2

As you mature, you will discover that you possess a growing talent for understanding and working with other people. Your ability to influence others through tact and diplomacy will grow. These talents will further you along in your career or business. You will become increasingly shrewd and will learn the art of discrimination. Your sensitivity to the needs and desires of others improves dramatically. You will be able to evaluate their motivations with a growing clarity and uncanny accuracy.

You find you can get more done by persuasion and gentle guidance than by force. You may well have to learn to assume the role as the power behind the throne. Your influence is less public, and you may not always receive the public recognition you deserve. However, your satisfaction comes from seeing the fruition of your own ideas come about, the result of teamwork and cooperative efforts.

If you already have many 2s in your chart, especially in the core numbers, you may become overly sensitive, a characteristic you will have to keep in check. If you have few 2s in your chart, the influence of your Maturity Number will greatly increase your ability to work harmoniously with other people.

PART V: HOW YOUR CURRENT NAME AFFECTS YOU

The influence of the short name (the name you use to introduce yourself, including your last name) is minor in comparison to your full name. THE MINOR EXPRESSION

Your current name forms the basis of your Minor Expression number. It is usually the first and last name you commonly use to introduce yourself (not necessarily the name you received at birth).

The influence of your short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for letters or numbers missing in the full name.

Your short name increases your ambition, orderliness, and capacity to complete large undertakings significantly. Your ability to manage people and direct them toward some difficult and ambitious goal is greatly enhanced. Your understanding of systems and organization is also strengthened. At the same time, you feel the burden of such lofty ambitions. High demands can cause you much self-doubt. You may be aware of more inner tension, resulting from an inner drive to manifest your ideals in reality. As a result of your Minor Expression number, your efforts are more likely to be directed toward endeavors that are truly great in scope and have a lasting impact.

THE MINOR HEART'S DESIRE

The vowels of the name you currently use to introduce yourself are the basis of your Minor Heart's Desire number.

Your Minor Heart's Desire is 23/5

Your shortened name encourages you to seek more freedom and adventure in your life. You want to become less conventional and more individualistic. Your native intelligence and imagination are enhanced. You are more dynamic, enthusiastic, and flexible. You attract more excitement into your life. THE MINOR PERSONALITY

Your Minor Personality is based on the consonants of your current name and reflects, at least to some extent, how you think, or hope, others might perceive you.

Your Minor Personality is 17/8

You appear strong and powerful. You have an impressive personality and can influence and even intimidate through sheer force.

It is important for you to dress well. You radiate a kind of raw power and able-ness which needs to be refined and enhanced by your clothing. You may even dress a bit flashy, but that will not harm you.
