THE NAME ADVISOR FOR PEOPLE

There are many reasons you might want to analyze a name. Perhaps you are considering a name change or are expecting a child. In any case, it is important to recognize that the name you choose is only one part of the picture that determines who you will become.

A name is not unlike a blueprint. It reveals the talents, shortcomings, likes and dislikes, and a wide range of other traits, that were gifted on the day you received your name. Although your name may remain unchanged for decades, you evolve and change over time. This evolution begins with your date of birth. If a name change takes place later in life, it alters some of the traits and characteristics of the individual going forward, but the birth date and original birth name will continue to have the greatest impact.

In short, your name is YOU; your date of birth is YOUR PATH. Intertwined and co-dependent, every building block in a personality's DNA has the potential to change or disappear entirely, just as a missing quality can be learned or unlearned.

HOW TO READ THIS REPORT

No name is perfect. What you should look for are the specific strengths and talents you hope will benefit the person receiving the name.

If the name you are analyzing is for an unborn child, the report will only describe personality traits as reflected in the name you choose. Although it will be an incomplete picture (since the date of birth is unknown) it will still be a specific and detailed reading of the person about to be born.

The full name at birth describes their Personality, Hearts Desire, and Expression. If the child has already been born, use this Name Advisor to try a range of names. Once you have narrowed your choices, you may want to follow up with a complete Personality Profile, since you now also have the date of birth.

If you are considering a name change for yourself, the Name Advisor provides opportunities to try several names and variations. However, choosing a new name is not unlike buying a suit; it needs to fit. It is less important to find a name with a specific quality than to find one that suits you and feels comfortable to the person you know yourself to be.

Note: The report is written as if the person already exists.

HOW HIS NAME NUMBERS STACK UP

Both his Heart's Desire and his Personality numbers are 5. His Expression is 1. A double 5 supporting a 1 is a powerful combination with many options. He has more career choices than most people do. However, when the 5 energy is this strong, controlling it can be a challenge.

His 5 Heart's Desire tells us that he is an adventurer at heart. He is easily bored, desiring change and variety. His 5 Personality creates the impression that he is a bit of a rebel, unpredictable and difficult to read. He is unconventional and shows it, at least in part, through his appearance. Fortunately, thanks to his potent 1 Expression number, he can lock into a goal and pursue it to the end. Funneling his 5 energy toward that goal, will be his challenge. If he can stay focused, he will

be unstoppable.

As to his personal life, he will probably have quite a few romantic experiences, more than most people. He may want to consider not committing to a serious relationship until at least age 30; he may not know himself well enough to recognize what he wants until then. His need for freedom is such a dominant factor in his life, it can make commitment feel like a threat to his happiness. He may be past his 20's before he finds some measure of stability and balance in this, and other areas of his life.

He is generally a late bloomer, not because he is slow, but because he is curious and inquisitive and wants to try everything that comes his way. This takes time, just as walking a path while making numerous detours delays one's arrival.

HE HAS A 1 EXPRESSION

A person with a 1 Expression is a natural leader, independent, individualistic, ambitious, original, and courageous. He employs new and unproven methods. He is an explorer and an innovator. Openness to too many peripheral influences limits and frustrates him. He is self-reliant, confident, energetic, and springs into action when leadership is needed. He possesses executive abilities and is most successful at owning or independently managing a business. He needs the freedom to make his decisions, based on his ideas. He easily assumes the role of protector. He can be an astute politician. He also possesses the ability to influence the opinions of others.

The number 1 symbolizes the front-runner, pioneer, warrior, risk-taker, and daredevil. Generals, top politicians, successful businesspeople, self-made millionaires, religious leaders, inventors, activists, and avant-garde artists are often born with a 1 Expression.

Strength and perseverance are central to his success. He must be willing to travel the frontiers of life, away from the beaten path. He possesses a great reserve of willpower that must be directed at his goals. He does not give up, but relentlessly pursues his aims.

He is quite opinionated. People tend to be inspired or repelled by his strong personality. He has great powers of concentration and the ability to visualize his goals, thus making them more attainable. He stands up for his convictions and holds his ground. All these abilities enhance his chances of success in life.

There is a tendency to be self-centered. He can be domineering and, in the extreme, a bully. He can be highly critical of others, complaining that people lack the industry or determination he possesses. But this lack of understanding can alienate friends and family members. He must learn to control this tendency to maintain harmony in relationships. Once he is convinced of the inherent correctness of his ideas, he stubbornly - and sometimes rigidly - defends and propagates them. He

must learn to avoid obstinacy and antagonism, and cultivate balance, compassion, and perseverance.

Pride can be his downfall. He so powerfully identifies with his goals and ambitions; he sometimes refuses to see a potential flaw or weakness in his well-laid plans.

He possesses strength and determination, which, when applied to any endeavor he is committed to, will lead him to great success in life.

HIS HEART'S DESIRE AND PERSONALITY ARE BOTH 5

Freedom is essential for his happiness. He loves change, new experiences, meeting new people, adventure, and travel. He loves the exotic, faraway places. Variety is more than mere spice of life - he thrives on it. He is extremely flexible and adaptable. He has more curiosity than the proverbial cat. He has a sharp mind and a natural ability with words. He is a born communicator, clear, fluent, and imaginative in every area that interests him - which are many!

His Heart's Desire makes him very well equipped for life. Change - the only constant in life - does not threaten him, as it does other people. He is highly resourceful. Generally, he can think clearly in a crisis; he has good mental and physical reflexes. Whenever he falls, he tends to land on his feet. He is a little irresponsible and quick in satisfying his sensual urges. He is attractive and that, coupled with his innate ability to promote himself, makes it easy for him to satisfy his desire for new and exciting relationships. He has a kind of swashbuckling personality. People see him as the adventurer that he is. They expect the unexpected from him. He likes to dress fashionably and can get away with more colorful clothes. However, he should be aware of the value of quality and the power of modesty.

He is a stimulating person. He brightens social gatherings with his fresh and original ideas. His conversation tends to be sprinkled with novelty and wit. He is socially oriented and rarely, if ever, dull, or boring. He is highly enthusiastic. He gets excited easily over a new idea or opportunity. His nature is unconventional. He is a bit of a gambler, taking risks whenever he thinks the rewards are worth it. He is, of course, drawn to those people who, like himself, are original thinkers and have exciting personalities.

He enjoys being involved in several projects at the same time. He needs continual stimulation by the new and fascinating. He tends to discard boring pastimes quickly. His love of freedom and change can have numerous consequences. He can be irresponsible, especially when it comes to finishing tasks. He has a hard time persevering at a given project and bringing it to completion.

His bane is that he loves to indulge his senses with food and drink and can easily gain weight. He has an appetite for anything that stimulates the senses - sex, food, alcohol, and drugs. Discipline

is a necessity for him. The negative side of a 5 Personality Number can give rise to an addictive personality.

He is a bit of a hero and wants to save the world. This causes him to make promises he often cannot keep. Deep down, he longs to please everyone, an impossible goal. Many 5s can be emotionally superficial. They feel love passionately, but fear making deep and lasting commitments. As a result, they resist the depths of emotional attachments and remain on the surface where it is safe.

He will experience many changes and unusual events, but he learns best through experience. Therefore, his life will be full, and he will make great strides in personal growth.
