THE POWER AND LIMITATIONS OF NUMEROLOGY

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages. You are unique, and so is your Profile.

I hope you enjoy your reading and will find it beneficial to your path of personal growth and insight.

YOUR PERSONALITY PROFILE AND YEARLY FORECAST

PART 1: ABOUT YOU

Just as your DNA determines your physical body; a blueprint of your personality is an inborn part of you from the very beginning. Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with.

PART 2: YOUR PATH

Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

PART 3: YOUR PATH AND YOU

This section looks at how your name numbers (you) and your birthdate numbers (your path) work together to guide your personal growth and the changes you experience.

PART 4: SPECIFICS ABOUT YOU

Certain numbers in your chart affect you in a clearly defined, narrow way, such as your Balance number, which lays dormant until you enter a time when you are off-balance; when discord dominates your life.

PART 5: HOW YOUR CURRENT NAME AFFECTS YOU

The name you use on a daily basis, the way you introduce yourself in a social setting, has a unique affect on your life in that it, more than anything else, reveals how you feel yourself; who YOU think you are and what you represent.

PART 6: YOUR FUTURE

This part of the report tells you what your cycles are for the current year and next year, and how it will affect your life.

PART I: ABOUT YOU

Your Personality Profile is based on your full name at birth, your current name, and your date of birth. Your full name tells us who you are; think of it as your numerology-DNA. Your date of birth reveals your path and the patterns of your personal growth.

HOW YOUR NAME NUMBERS STACK UP

Teddy, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.

All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.

This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.

Your Core Name Numbers are 8, 5, 3

Teddy, the core numbers of your name reflect a fragile balance. One aspect carries strength, authority, ambition, and common sense. The other influence possesses a somewhat irresponsible, playful, unconventional, and rebellious energy. Your 8 Expression (the aspect that represents your talents, abilities, and shortcomings) delivers a successful, capable, goal-oriented influence, while the two odd numbers (your 3 Personality and 5 Heart's Desire) describe your more idealistic, creative, and unpredictable side.

Each of us has bits and pieces of the numbers 1 through 9 in our makeup. The most important determining factor in their influence is the position

they hold in a chart. Their position dictates how they will affect one another.

Your Heart's Desire reflects your likes and dislikes and determines what makes you truly happy. A 5 in this position tells us you have a strong need to feel free and unencumbered. This adventurous, dynamic, somewhat impulsive number has a rebellious streak. It is unconventional and highly individualistic. These qualities drive the choices you make. They are the traits you must honor to be truly happy.

Your Personality reflects the "outer" you. It is the part of you others notice when you first meet. A 3 Personality gives you an upbeat, motivating, charismatic energy. You communicate well (the 3 is known to be verbal) and are likely drawn to the arts. Writing, poetry, and dance are particularly popular among those with the creative 3 in their name.

Your changeable, impatient 5 Heart's Desire, however, can make it difficult for you to stick with a discipline long enough to realize your potential. If this becomes an issue, concentrate on the traits of your disciplined, focused, and visionary 8 Expression. Its determination can make the difference between success and failure. You are driven and ambitious, and can reach any goal you set, but only if you control the restless 5 Heart's Desire and playful 3 Personality.

Chances are you will try your hand at a number of different careers during the first part of your life. Some of these may have very little in common. Your restless nature could take time to find a niche that feels right. You would probably be happiest eventually working for yourself rather than a large company or institution. Business-oriented professions where self-expression and communication are valued would be a good fit. A career that involves promotion, marketing, retail, or real estate are other options to consider.

Your personal life is similarly affected by this somewhat conflicting combination. You will likely mature later in life, due to your adventurous 5 Heart's Desire. Your sense of humor and perhaps somewhat eccentric attitude make you popular among a smaller, select group of people, but probably less so with the mainstream. You are not conventional, which can make some people a little uncomfortable. You are sensual and enjoy the pleasures of life. You may need to watch for substance abuse. Overindulgence is not uncommon under the occasionally excessive, chaotic energy of the 5.

Now let's look at each of your core numbers individually.

THE EXPRESSION

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Your Expression is 17/8

You have the power and potential to achieve great things. It is both your challenge and your birthright to gain dominion over a small part of the earth. Whatever your enterprise, you strive to be the best and most successful in your field. You are highly competitive and will not rest until you are satisfied that you have bypassed the opposition. You enjoy challenges and rivalry. You are a realist and a visionary planner.

Money and authority are available to you if you are willing to discipline yourself -- generally an inborn talent -- and persevere in the face of the considerable obstacles in your path. You are dynamic and have a talent for efficiency. You understand the larger picture, see the broader challenges, and know how to marshal your collective resources to address the problems. You delegate responsibility well; it is best for you to leave many of the details to others.

You are a great leader of people and an outstanding judge of character. You are demanding of those who work for you, often putting things in no uncertain terms: do it my way or don't do it at all! At the same time, you don't hesitate to reward the faithful and hardworking employee. You are not a particularly tolerant leader; too much tolerance violates your sense of efficiency. You go directly after your goal with courage and tenacity.

You have a natural understanding of money, authority, and power. You are able to struggle consistently after your goal. Eventually power falls to you. Within you lies an innate balance between the higher and lower characteristics of man. Your challenge in life is to balance your higher ideals and your understanding of the hard realities of the earth.

Much effort will have to be put out and many ups and downs experienced before you reach the level of success you desire. Life will probably test you many times with obstacles that seem insurmountable. But in reality, these are merely opportunities for you to learn how to use power and authority in the face of difficulties, and to find out just how much power lies within you. It is crucial for your success that you balance the material and the spiritual. You have chosen a path that requires balance between giving and

taking, reward and punishment, action and reaction. Despite the obstacles on your path, you are a true survivor.

When focused exclusively on your desire for results and success, you can become stubborn and intolerant; you can be driven by excessive ambition, causing you to be exacting and without perspective. Be careful of your alcohol consumption, a danger-zone for you. You can be a social drinker, mixing business with pleasure -- a dangerous cocktail.

An excellent manager, organizer and administrator you have talents in many areas of life. Entrepreneurs, executives, bankers, brokers, negotiators, gamblers, coaches, collectors, heads of institutions, builders, art dealers, manufacturers, promoters, military officers, police detectives, smugglers, engineers, pilots or sea captains.

You have been entrusted with special gifts, the use or abuse of which has an immediate and often physical effect upon you and those around you! Use these gifts for the good of mankind and accept your own good fortune with gratitude. This is your rewarding stage in your evolution.

THE HEART'S DESIRE - PERSONALITY BRIDGE

A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.

The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self to align more closely with your personality; the "outer" you that is apparent to others.

With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.

Your Heart's Desire - Personality Bridge number is 2

Be more sensitive to the needs and expectations of others. Do not rock the boat too often but keep the peace and try to make things run smoothly. You have to use your ability to influence others with gentle diplomacy, instead of confrontations. Be more cooperative.

PART II: THE PATH YOU ARE ON

If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA. The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.

Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth. Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.

PART III: YOUR PATH AND YOU

We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth. Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.

PART IV: SPECIFICS ABOUT YOU

Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.

THE BALANCE NUMBER

Your Balance number provides guidance on how to best deal with difficult situations.

People experience a variety of internal responses to life's challenges. Some step back from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.

Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.

Your Balance number is 5

Try to focus on your problem, Teddy, rather than avoiding it. You may try to avoid the issue by indulging your senses to keep from feeling the pain of a conflict. Be careful not to escape into food, alcohol, and drugs.

You are capable of finding a highly-creative solution to any situation the minute you put your mind to it. The answer lies well within your grasp.

PART VI: YOUR FUTURE

The next chapters deal with your ever-changing cycles and how they affect you.
