YOUR FIRST PERIOD CYCLE

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.

Your First Period Cycle is 11 and lasts until age 31

The first part of your life is a period of slow and patient development. You are acutely sensitive to your surroundings and highly intuitive. You possess a gift for peacemaking, and early on discover the power of gentle persuasion. This is a time to cultivate your talents for tact, diplomacy, and cooperation with others.

Musical and other artistic talents are developed. Partnerships become important, requiring understanding and compromise. Patience and flexibility are essential for success. Your gentle, cooperative attitude attracts others who are happy to support you. Seeking beauty, harmonious environments, nature, and close companionship brings contentment. This is a period of slow but steady progress.

YOUR SECOND PERIOD CYCLE

The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

Teddy, your Second Period Cycle is 8 and lasts until age 58

The 8 Period Cycle usually bodes well for work, career, and financial reward. This is a time when power falls to you but must be used wisely and with purpose. You likely find yourself in a position of authority and leadership. Vision and a willingness to take risks are necessary to advance your career or business. However, there is a danger of being duped by get-rich-quick schemes.

With balance as its most essential quality, the statement "You reap what you sow" applies to the 8 more than to any other number. With effort and diligence, financial reward is almost guaranteed. However, if cutting corners or opportunism is the driving force behind your professional life, financial ruin could just as likely be the result. The 8 is rarely neutral regarding punishment or

reward.

YOUR THIRD PERIOD CYCLE

The Third Cycle represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Teddy, your Third Period Cycle is 22 and lasts for the rest of your life

This cycle carries enormous potential for establishing a lasting institution or teaching that will greatly benefit others. You have the ability to manifest a concept, dream, or invention. Your talents as a builder, organizer, and visionary are at their peak.

You discern the needs of others and create constructive and practical plans to fulfill those needs. You commit yourself entirely to the work at hand. For many, this dream lasts a lifetime and requires every ounce of energy and talent. An all-consuming role beckons but provides a great sense of personal accomplishment and reward. You possess an ability to make a lasting contribution to the well-being of humanity.

YOUR FIRST PINNACLE CYCLE

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.

Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's. This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.

Teddy, your First Pinnacle Cycle is 1 and runs from birth until approximately age 31

This is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power. There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self-pity or surrender. Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity.

This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful. You must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life. Be careful not to become too self-centered, headstrong or self-important. Be strong but flexible. Be open to the counsel of others but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith. Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams.

These characteristics provide great opportunity for success and major accomplishments.

YOUR SECOND PINNACLE CYCLE

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Teddy, your Second Pinnacle Cycle is 3 and lasts until age 40 and runs from age 31 until age 40

This is a highly creative period. Your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward. This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature. You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past. All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things you regret or simply squander away so many opportunities.

Children born under this Pinnacle must be disciplined and kept from being spoiled. An early education in the arts will inspire the child to make the most of his or her artistic talents.

YOUR THIRD PINNACLE CYCLE

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Teddy, your Third Pinnacle Cycle is 4 and lasts until age 49 and runs from age 40 until age 49

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your ability as an organizer, manager, or simply the rock of any institution is greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your

industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster or happen with greater ease. The need for efficiency, orderliness, and methodical systems limit your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

YOUR FOURTH PINNACLE CYCLE

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Teddy, your Fourth Pinnacle Cycle is 33 and runs from age 49 until age death.

Under this Pinnacle you will be very involved with family, friends, and your community. You will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well. Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. You must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized. Under the influences of this Pinnacle -- especially at its outset -- people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world.

You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

Your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas. Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits. Your desire to help others is also increased. But this can lead you to poke yourself into situations where you do not belong or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 33/6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions -- as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

YOUR PHYSICAL TRANSIT

The individual letters of your name are used to find your Transits.

Your name is like music that vibrates in time; each note, or letter, has a specific duration and influence over the course of your life.

Your life can, therefore, be seen as a musical score, with individual letters making specific contributions at given points, just as notes in a musical piece give it its rhythm, character, and nuance.

The Transits appear as part of your Progressive Chart and will tell you much about specific influences taking place in your life during given years.

Your Physical Transit for age 41 and 42 and 43 is E

The E Transit helps us feel inspired and helpful. It brings increased possibilities for travel and changes in your career or residence. You are more attracted to new and adventurous experiences, including love affairs or marriage.

Although the E is a good letter for finances, you may be less focused or carry a frivolous attitude, which could adversely affect your chances for material progress.

You may find yourself attracted to a new religion or philosophical idea.

YOUR MENTAL TRANSIT

The Mental Transit is based on your middle name

Your Mental Transit for age 41 is M

This is a time for hard work and a practical approach. You may appear reticent or remote which can create distance between you and those you are close to you; try to express your feelings. Relationships may be demanding and require more sacrifice.

Think carefully before making important decisions. Try not being impulsive and don't let your changing moods influence your direction. Take your time!

Your Mental Transit for age 42 and 43 is E

The E Transit helps us feel inspired and helpful. It brings increased possibilities for travel and changes in your career or residence. You are more attracted to new and adventurous experiences, including love affairs or marriage.

Although the E is a good letter for finances, you may be less focused or carry a frivolous attitude, which could adversely affect your chances for material progress.

You may find yourself attracted to a new religion or philosophical idea.

YOUR SPIRITUAL TRANSIT

Your Spiritual Transit is based on your last name.

Your Spiritual Transit for age 41 and 42 is K

You will be extremely intuitive during this period, making revelations and spiritual breakthroughs more likely. This is a good time to associate yourself with new people and business endeavors. Your creativity and inner drive are stronger than usual, but you will need to cooperate and share responsibilities with others.

The K Transit can bring strange and unusual events and situations. This could take a toll on your nerves, as you will be more sensitive than usual this year. The letter K is often associated with fame and fortune; you must guard against dishonesty, indiscretion, and exaggeration.

Your Spiritual Transit for age 43 is W

This is a time to let go of the past and accept change with open arms. The letter W introduces new activities and exciting events. You may find yourself behaving erratically at times and somewhat unpredictable. You will need to control this tendency to prevent chaos and unpleasant results; this can be a time of explosive growth, but self-discipline is absolutely necessary. Legal issues might arise, but you will most likely be on the winning end if they do. Your health could use special attention during this period.

YOUR ESSENCE CYCLE

Your Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year; which types of behavior will be supported by your milieu and which ones will be less effective.

If one or more of your Transits change after your birthday this year, you will find two Essence cycles. If you only have one Essence, it means none of your Transits changed.

Your Essence for age 41 is 11

This is a time of enormous sensitivity and equally enormous change. Your intuition is galvanized. You are capable of even psychic experiences. But your awareness of the higher realms serves to throw a light upon all that is low and unenlightened in your own life. The contrast can be shocking. Teddy, you are all-too aware of your shortcomings as a human being. This can drive you more deeply inward. You are extremely self-conscious. There may be feelings of failure and self-recrimination. These must be kept under control.

All of this stems from an element of shock present in your life. The very ground upon which your personality is based seems to have experienced an upheaval. This psychic quake can often be replicated by some event in your life. Consequently, your identity is shaken. It is a time to search within you. Are you happy with what you are doing? Is your work directly in line with your higher values and talents? This is a period of self-review in which you will have a great opportunity to set your life upon a more deeply spiritual and lasting foundation.

Consequently, you can make much progress and experience a great deal of future happiness as a result of this period. There is a realignment occurring that is putting you in touch with your deeper nature. The inner and the outer are now becoming one. It is a period of quickened psychological and spiritual growth.

Your intuition now will guide you safely from the storm. While your emotional life may be turbulent, your intuition gives you a sense that you are on the right track. In fact, you have not lost direction, but taken a quantum leap along your path. It can be a bit jarring, but altogether positive. Meditate, pray, seek out harmonious settings, take walks in the woods, and be close to nature. Let the inner self guide you to a greater happiness.

There can be many wonderful inner and even psychic experiences that reassure you of the love and support coming to you from the universe itself. It is a time of illumination on all levels. Make the most of it. Allow the higher forces to guide your rapid growth.

Your Essence for age 42 is 3

Your ability to express your self will reach an all-time high. Any talent you possess in the arts -- especially in writing, acting, or other performing arts -- will be greatly enhanced. This is a period of success through personal creativity. You have much opportunity to advance yourself and career through your own personal expression, charm, and creative talent. This is a social time, filled with much fun and friendship. You will feel lighter, fresher, and more alive than in previous years. It is as if life has relieved you of a burden, allowing the more creative, upward, and joyful energies to flow more freely.

People are naturally attracted to you. They sense your joie de vivre, your spirit, and creativity. Your challenge is to focus your heightened creativity on a worthwhile task. Discipline is essential. Choose a goal worth reaching. Pour your energies into something that will last. In this way, you will emerge from this period having accomplished something worthwhile, and learned to harness your creative abilities. If you fail to focus, you will likely spend your opportunity and creative urges on loose talk, superficiality, and socializing.

This is an emotional period. The upward, heart-centered energies are peaking, bringing with them many old emotional issues. You can easily exaggerate the importance of an unkind word, or react too emotionally to a troubling situation. In short, you need perspective now.

Teddy, you are in a highly volatile period, making you highly creative, sensitive, and given to emotional mood swings.

You are highly romantic and given to fantasy. There can be many wonderfully romantic times; however, it is important to avoid being swept away by your fantasies. Do not fail to see people for what they are.

This is a time when you will learn the value of your personal expression, and your own uniqueness. It is a time of personal accomplishment and advancement.

Your Essence for age 43 is 6

This is a time of responsibility, duty, family matters, and high ideals. Teddy, you will be called upon to support others and maintain a high life condition while you do it. Others look to you as an inspiration and a source of guidance. There is an element of self-sacrifice present in that you must serve those closest to you.

Unselfishness and a willingness to be of help to others are the keys to your success.

You will likely experience advancement in business, career, and financial matters. Progress comes more easily during this period, as new opportunities open up to you. At the same time, your achievements bring added responsibility and new demands. You will have to devote yourself entirely to the task at hand to realize your goals.

This can be an emotional period, as family members may be demanding. The whole issue of love comes to the forefront. Your ability to love and be loved will become starkly clear. This is an essence during which many marriages and divorces take place. People discover how much they truly love their partner, or how little love they have in their lives.

Protect your family relationships. Work to maintain harmony in your home. Especially stay focused on the needs of children.

There can be a domineering figure in your life who can oppress you during this time. The key is to be balanced and centered when dealing with all authority figures. Refuse to act rashly or emotionally. Remain focused and in harmony with your long-term goals.

If you keep a strong hold on your ideals, you will gain many supporters and admirers. This brings many great rewards and much appreciation. New and lasting friends come into your life now, and many seek to advance you along the lines of your abilities.

There is a strong artistic urge present. Those with artistic talent, or already working in the arts, will find their abilities greatly enhanced, with many new and rewarding chances for advancement. Most people under the 6 Essence will improve their lives and experience growth in their career goals.

YOUR PERSONAL YEAR

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birth date to birth-date.) There are nine personal year numbers in a complete Epicycle.

Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process. The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.

Your Personal Year cycle for 2026 is 2

This is a year to carefully protect and nurture your plans. You will be like a mother watching over her children, conscious of every threat, real or imagined. You need tact and cooperation to keep yourself moving forward. There will likely be confrontations with others, requiring a subtle and gentle approach. You will have to stay focused on your goals, yet use intelligent persuasion. Being forceful may work against you; compromises will work in your favor.

You will be unusually sensitive and may wonder at times what happened to the drive and momentum you felt last year. This year requires something else from you now -- a delicate sense of balance and a willingness to go around obstacles, without losing sight of your goal. You may also experience some emotional depressions and frustrations. The year is marked by struggle, but there are many opportunities to advance your plans. This is a year of slow growth, requiring patience.

Be discriminating in your associations and secretive about your plans. Don't talk too much about your ideas; be a bit secretive; guard yourself and your ideas. You are somewhat vulnerable this year.

This is a good year to improve yourself through reading and research. Your growing awareness of the less visible and less obvious aspects of life will make you much stronger and better prepared

for the future.

You must be wise in all your relationships and associations this year. You are far more capable of establishing close, even lifelong relationships this year. Because sensitivity and openness are heightened, many people find their "soul mate" in a two year.

May is the pivotal month in the year. You are extremely intuitive and sensitive. You are also self-reflecting and better able to influence your peers and situation through spiritual awareness. July brings a culmination of plans and a distinct step forward. August sees things become more concrete and brings a new beginning. September is emotional, requiring adjustments, tact, and inner resolve. The 2 year is a year of growth and advancement, but through gentle means, and the indirect use of your personal power.

Your Personal Year cycle for 2027 is 3

This is a year of expansion and personal growth. It is a time of heightened personal expression. Creativity and artistic talent come to the forefront. You are lighthearted and drawn to all kinds of social events. More than most other years, you will entertain and be entertained. You meet new and exciting people. It is a time to appreciate all that you have.

You are highly dynamic and charismatic. Your challenge is to avoid scattering your energies. You have a rare opportunity to bring forth new and creative ideas. But that requires discipline and focus. It is easy to be optimistic and enthusiastic this year and this may result in speeding up your projects. Yet there will be delays and disappointments unless your enthusiasm is based upon the reality of work and concentration.

This is a pleasant time in which friendship is enjoyed and love shared easily.

This is often a good financial year, particularly if your creativity is well directed. Surround yourself with upbeat and positive people.

You may travel more than usual, which in all likelihood will be filled with exciting people and pleasure. Control this year's tendencies towards glamour and extravagance, yet allow yourself more room to enjoy and celebrate.

You communicate well this year and are more capable of getting your ideas across.

February brings changes; June sees the completion of a project and July signals a new beginning. August can be emotional, as can November.

YOUR DUALITIES

How the yearly cycles affect each other.

Your Essence and Personal Year cycles are distinctly separate energies that influence you in different ways. Your Essence reflects your mental, emotional, and spiritual state of mind at a particular time in your life and feels like an internal influence; it's a stage in your personal evolution. Your Personal Year cycle, however, feels more external.

Your Essence and Personal Year cycles overlap creating a duality which produces its own influence. Most importantly, it tells us how you can get the most out of your mix of Personal Year and Essence cycles by looking at their combined influence.

Personal Year cycles run concurrent with the calendar year and change every year, while Essence cycles run from birthday to birthday and can be anywhere from one to eighteen years, sometimes even longer. Therefore, you can have either two or three Dualities during any 12-month period. Three, if your Essence changes (one before your birthday, one after your birthday, and another when the new year starts). If your Essence doesn't change, you have two Dualities, one for each calendar year.

For the purpose of Dualities, Essence cycles with Master Numbers (11, 22, or 33), or Karmic Debt numbers (13, 14, 16, or 19) are reduced to single digits, as their effect in the context of Dualities is indiscernible.

Your Duality before your birth day in 2026 is 2 and 2

Teddy, when the two most important yearly cycles are ruled by the same number, both their advantages and disadvantages tend to have a stronger effect. When you read your Essence and Personal Year cycles, you may have noticed the influences are fairly similar. This is precisely why the positive and negative effects are more pronounced - a double number concentrates their traits, unbalancing the scales.

Combined, the cycles carry a double dose of over sensitivity and emotionality. This can make you feel more vulnerable, subjectively focused, and emotional in your romantic and personal relationships. Additionally, you may find it more difficult to differentiate between what is good for you and what is not, which could lead to poor choices. The lack of pragmatic, realistic numbers (and their characteristics) is one reason you could find this more challenging. You will benefit considerably from trying to apply common sense and objectivity to emotional issues. Also, try not to take life too seriously - things may feel more stressful than they really are. A double 2 Duality can make us more sensitive to physical issues as well. Make it a point to adopt healthy habits this

year.

Your professional life should be affected more positively, especially if your career involves considerable interaction with others. The 2's enhanced intuition can help you persuade others to your cause, and your enhanced cooperative nature will likely gather support. However, you might not be as decisive as you could (and should) be. Try to focus on your goals without getting sidetracked by minor issues. Strengthening your motivation, ambition, and personal power are the main ingredients for making this combination as successful as it can be.

Your Duality after your birth day in 2026 is 3 and 2

Teddy, after reading your 3 Essence and 2 Personal Year cycles, you may be concerned about the influence of this team. The 3's potential for mood swings, combined with the sensitive, emotional aspect of the 2 sounds taxing. Not to worry, the 2 and 3 are generally well balanced and harmonious - as long as each gets to play its role without too much interference from the other.

The 2 focuses on relationships, and the 3 is easygoing and social. This combination often introduces new people and strengthens existing relationships. This is due, in part, to the heightened sensitivity and intuition of the 2, which can enhance your ability to read facial expressions and body language. You may not be able to explain how you know what someone is feeling - you just know. Additionally, your intuition and increased sensitivity can help you to act more instinctually.

Your 3 Essence lends a positive, upbeat outlook that should be helpful in personal matters and well as your career. However, this lighthearted influence also produces challenges, with its tendency to be unfocused and impulsive. Although the 2 brings a practical, realistic energy (as all even numbers do) the 3 won't make it easy. Without a determined effort to stay focused, you may find yourself easily distracted and tempted to leave projects unfinished. Procrastination and the ability to keep track of details could be additional concerns. Pay close attention to your finances and think twice before committing to long-term obligations. The combination of optimism and unfocused energy can lead to poor decision making.

What is missing in this combination is a willingness to stand up and be counted. Between the good natured, somewhat mischievous 3 and the tactful, non-confrontational 2, you might feel others are running the show. It would serve you to remember that it is up to you, and no one else, to be an active participant in your life.

Your Duality before your birth day in 2027 is 3 and 3

Teddy, after reading your Essence and Personal year cycles, you probably sensed this could be a fun, creative year - and you're right. However, when both cycles stem from the same number (and, therefore, the same traits and influences) they have the potential to create imbalance. Having a

doubled influence can concentrate too much time and attention to a limited area of your life.

The playful, creative, optimistic 3 could make it difficult for you to maintain focus and follow through on plans. If you are unable to bring discipline and order to your endeavors, you could find you are often a little too slow or too distracted to take advantage of opportunities or reach your goals.

As inefficient and disorganized as these cycles can be, their upside is the inspiration, imagination, and creativity they deliver. The charismatic 3 should enhance your ability to communicate, persuade, and inspire. But again, if you do not take care of practical necessities and day-to-day responsibilities, you may not be able to materialize those unique and potentially lucrative ideas.

Your challenge this year is to stay grounded and rational. Make a concerted effort to plan carefully and follow through. This can be a very fertile period, especially if your career requires creativity and thinking outside the box (artists, entrepreneurs, etc.) but it will also require focus and determination to be successful.

This could be a tricky time for relationships. The combination is favorable for a new vibrant romance, but less favorable for long-term unions. Keep in mind that, mentally and emotionally, you may not feel especially grounded during this period. This can make situations having to do with the "foundation" of your life (including long-term relationships, career, and even your home environment) more challenging than usual. The best approach for balancing disproportionate 3 energy is through realistic, efficient, and productive effort. Your playful, creative side will come easily - staying focused and disciplined will render this time exciting and fruitful.

Your Duality after your birth day in 2027 is 6 and 3

Teddy, a 6 Essence inspires a warm, caring state of mind and the willingness to take on more responsibility. It is a pragmatic, harmonious influence for your career as well as personal relationships. The 6 helps you feel more stable and comfortable with your emotions, which attracts others seeking support, comfort, and advice.

The chapter on your Personal Year talked about creativity, communication, optimism, and inspiration. It also mentioned the lack of focus and light-hearted (if not frivolous) attitude common to the 3. It is easy to see where the responsible, caring traits of the 6 might conflict with the playful, sometimes superficial manner of the 3.

The 3, although generally a good communicator, often flounders when dealing with serious emotionally charged matters (the opposite way a 6 would respond). Being aware of this incompatibility can help you devote added attention to important personal relationships and inspire

you to communicate more intimately.

The 3/6 combination is good for business, career, and other productive endeavors, especially if your job requires personal interaction and creativity. Artists, lawyers, skilled artisans, entrepreneurs, and retailers are well supported. This team is not as well suited for those who deal with personal issues on a deeper level (psychologists, social workers, educators, and healers). Although therapeutic and instructional careers suit the 6 Essence, it does not fit as well when the 6 is present in a 3 Personal Year.

On the upside, your creativity will be enhanced by both cycles, a double windfall for your imagination, originality, and ability to view challenges from a fresh and unique perspective. This aspect is especially helpful for people in highly creative careers and work that requires innovative ideas. Additionally, the 6 Essence is often offered more responsibility, which could expand your range of duties and involvement and make promotion and progress more likely.

This team is also favorable for the early stages of romance when fun, humor, and charisma are important. The 3 easily delivers these upbeat qualities, and the generous, loving 6 is its perfect complement.

Your Duality before your birth day in 2026 is 2 and 2

Teddy, when the two most important yearly cycles are ruled by the same number, both their advantages and disadvantages tend to have a stronger effect. When you read your Essence and Personal Year cycles, you may have noticed the influences are fairly similar. This is precisely why the positive and negative effects are more pronounced - a double number concentrates their traits, unbalancing the scales.

Combined, the cycles carry a double dose of over sensitivity and emotionality. This can make you feel more vulnerable, subjectively focused, and emotional in your romantic and personal relationships. Additionally, you may find it more difficult to differentiate between what is good for you and what is not, which could lead to poor choices. The lack of pragmatic, realistic numbers (and their characteristics) is one reason you could find this more challenging. You will benefit considerably from trying to apply common sense and objectivity to emotional issues. Also, try not to take life too seriously - things may feel more stressful than they really are. A double 2 Duality can make us more sensitive to physical issues as well. Make it a point to adopt healthy habits this year.

Your professional life should be affected more positively, especially if your career involves considerable interaction with others. The 2's enhanced intuition can help you persuade others to your cause, and your enhanced cooperative nature will likely gather support. However, you might not be as decisive as you could (and should) be. Try to focus on your goals without getting

sidetracked by minor issues. Strengthening your motivation, ambition, and personal power are the main ingredients for making this combination as successful as it can be.

Your Duality after your birth day in 2026 is 3 and 2

Teddy, after reading your 3 Essence and 2 Personal Year cycles, you may be concerned about the influence of this team. The 3's potential for mood swings, combined with the sensitive, emotional aspect of the 2 sounds taxing. Not to worry, the 2 and 3 are generally well balanced and harmonious - as long as each gets to play its role without too much interference from the other.

The 2 focuses on relationships, and the 3 is easygoing and social. This combination often introduces new people and strengthens existing relationships. This is due, in part, to the heightened sensitivity and intuition of the 2, which can enhance your ability to read facial expressions and body language. You may not be able to explain how you know what someone is feeling - you just know. Additionally, your intuition and increased sensitivity can help you to act more instinctually.

Your 3 Essence lends a positive, upbeat outlook that should be helpful in personal matters and well as your career. However, this lighthearted influence also produces challenges, with its tendency to be unfocused and impulsive. Although the 2 brings a practical, realistic energy (as all even numbers do) the 3 won't make it easy. Without a determined effort to stay focused, you may find yourself easily distracted and tempted to leave projects unfinished. Procrastination and the ability to keep track of details could be additional concerns. Pay close attention to your finances and think twice before committing to long-term obligations. The combination of optimism and unfocused energy can lead to poor decision making.

What is missing in this combination is a willingness to stand up and be counted. Between the good natured, somewhat mischievous 3 and the tactful, non-confrontational 2, you might feel others are running the show. It would serve you to remember that it is up to you, and no one else, to be an active participant in your life.

Your Duality before your birth day in 2027 is 3 and 3

Teddy, after reading your Essence and Personal year cycles, you probably sensed this could be a fun, creative year - and you're right. However, when both cycles stem from the same number (and, therefore, the same traits and influences) they have the potential to create imbalance. Having a doubled influence can concentrate too much time and attention to a limited area of your life.

The playful, creative, optimistic 3 could make it difficult for you to maintain focus and follow through on plans. If you are unable to bring discipline and order to your endeavors, you could find you are often a little too slow or too distracted to take advantage of opportunities or reach your

goals.

As inefficient and disorganized as these cycles can be, their upside is the inspiration, imagination, and creativity they deliver. The charismatic 3 should enhance your ability to communicate, persuade, and inspire. But again, if you do not take care of practical necessities and day-to-day responsibilities, you may not be able to materialize those unique and potentially lucrative ideas.

Your challenge this year is to stay grounded and rational. Make a concerted effort to plan carefully and follow through. This can be a very fertile period, especially if your career requires creativity and thinking outside the box (artists, entrepreneurs, etc.) but it will also require focus and determination to be successful.

This could be a tricky time for relationships. The combination is favorable for a new vibrant romance, but less favorable for long-term unions. Keep in mind that, mentally and emotionally, you may not feel especially grounded during this period. This can make situations having to do with the "foundation" of your life (including long-term relationships, career, and even your home environment) more challenging than usual. The best approach for balancing disproportionate 3 energy is through realistic, efficient, and productive effort. Your playful, creative side will come easily - staying focused and disciplined will render this time exciting and fruitful.

YOUR PERSONAL MONTH

The influence of a Personal Month gradually changes from one month to the next over approximately five days at the end and the beginning of each month.

Your Personal Month for September-2026 is 2

This is an 11/2 Month. The number 11 (referred to in numerology as a Master number), is highly charged, sensitive and intuitive. You are extremely perceptive. Dreams are full of insight and seemingly irrational, and creative ideas should be examined seriously. Your most powerful asset right now is your inner antenna that is picking up vibrations that escape others.

Your relationship with co-workers is fragile, but this is due largely to your enhanced sensitivity. Don't take your emotions too serious. Increased sensitivity magnifies and exaggerates emotions. If you fixate too much on them, you'll do yourself a disservice. Overlook slights and let things pass without retort. People will come around.

Romance is still strong, but you must remain realistic. Last months' excitement and infatuation has given rise to self-examination. As with co-workers, long-term relationships and friendships are fragile right now. Again, be skeptical of your emotions; it's quite possible that you are making

mountains out of molehills.

Cooperation, tact, patience, tolerance, and forgiveness are the key-words to make this month pleasant and successful.

Your Personal Month for October-2026 is 3

You need a break. If possible, take some time off to recharge your batteries. You need sunshine, relaxation, fun, and laughter with friends. The only career aspects favorably highlighted are those related to creativity, and inspiring and motivating those with whom you work. It's a good time to express the thoughts and ideas that you've been thinking about for the past several months. You can make a favorable impression on superiors, even with ideas that are a little daring.

Avoid stress and working under pressure now. The next five months give you the strength to survive and even prosper under pressure but avoid stressful situations this month. Postpone important financial decisions if possible, unless they have to do with "fun projects", such as travel, exercise equipment, creative endeavors, and the like. A modest amount of gambling can be healthy and has a better chance of paying off this month than most other months.

Romance is light and playful. Again, postpone important decisions in the area of romance.

Your Personal Month for November-2026 is 4

November is time to get down to business, to focus on work, and finish anything left undone. Pay attention to the details; don't procrastinate; don't cut corners. Get the picture? You are laying a foundation for the future, proving to yourself and others that you are worthy of the responsibilities and challenges you have taken on.

Your energy is strong and focused. You can concentrate even when work becomes routine and boring. You are in a crucial stage in your life, but you've got the energy and a take-no-prisoners attitude that will lead you to success. The best way to balance such determination is to get in touch with nature: take a walk in the woods; sit at the edge of the lake; feel the earth and your connection with it.

If you have recently become involved in a romance, this month will bring commitment and stability to the relationship.

Your Personal Month for December-2026 is 5

take a chance.

December brings changes and restlessness. You feel a need to be with others, to be social, to laugh and talk and enjoy yourself. You receive opportunities to travel and will meet a new and exciting person on a trip away from home. This person inspires and motivates you to try something new, to get off the beaten path and

This is a month that could bring quite a few surprises, most of which invigorate you. It is a dynamic time that brings information and knowledge from unexpected sources. You want change. You are ready to try a new direction, which causes you to see your career with new eyes. You are in an adventurous mode and willing to take a risk.

This month requires courage and flexibility. There are new opportunities awaiting you and it is up to you to prevent them from slipping by.

Your love relationship is in a vulnerable state, and some suppressed anxieties need to be released. You are somewhat impulsive and may need to force yourself to slow down. You experience a bit of self-indulgence. There is a need for self-discipline.

Your Personal Month for January-2027 is 4

January offers opportunities for progress in your career. You are inspiring and motivating to yourself and others and know how to express your ideas. Your creativity is enhanced. You find original solutions and manage to implement them.

Your co-workers and superiors are impressed. You are optimistic and light-hearted this month, which further enhances your work situation. However, you will tend to be impulsive and may find yourself with your foot in your mouth. Make sure you have the information to back up any claims. You also may tend to procrastinate, which can spoil opportunities and damage your career.

January is a month to be on your toes and take full advantage of a favorable combination of cycles. If you have considered remodeling or redecorating your house or starting a gardening project, now is the time to get started.

Marriage or a romantic relationship takes on more depth.

Your Personal Month for February-2027 is 5

February brings changes, excitement, and perhaps some upheaval. You may move, travel, or go on an unexpected trip. Carefully prepared plans confront the unexpected: events and people you had not expected. If you are flexible and not afraid of changes will enjoy this month. However, if you rigidly try to stick to

expectations and refuse to adapt, you may experience a difficult time in which almost nothing

works out, no matter how hard you try.

February is a month to allow the forces of nature to guide your ship. Despite these disruptions, do not give in to impulsiveness or irresponsibility. Make the plans you can; adhere to them as well as possible and be flexible.

Love is exciting, adventurous, and playful. You uplift your partner and reveal your deeper self. Hidden thoughts and desires that you have kept hidden during the past two years come freely to the surface. You are open and childlike and for that reason very attractive to others. A word of caution for those who are uncomfortable with this kind of openness: Do not allow fear to turn this wonderful urge to share your thoughts and feelings into a superficial act.

If you have a tendency to self-indulgence, this month's cycles are dangerous. Be cautious and control your appetite for whatever excesses tempt you.

Your Personal Month for March-2027 is 6

March brings family affairs and issues involving relationships to center stage. You may be asked to sacrifice some of your time and energy to help others. A parent or child may need more care and attention than usual. Answer the call and you will be rewarded with a wonderful experience of love and closeness.

Many people in the 3 Personal Rhythm Cycle will make a deep commitment of love, or even get married this month. At the same time, separation and divorce are also possible since the theme of this month is to be committed to your true feelings. Confrontations are unavoidable in all troubled relationships. While these trends may be difficult and painful, the forces are working at clarifying your relationships. Your work situation will be rather demanding as more responsibility is transferred to you. However, the reward is right around the corner. (May and June will bring the pay-off.)

This month may be good financially, due to an earlier investment or from payments arriving from previously done work.

Your Personal Month for April-2027 is 7

April represents a pause for self-evaluation. It is a time of light and shadow, a month of contrasting moods. You may alternate between light-hearted optimism and periods of doubt and even depression. The time requires you to look within.

Meditate and contemplate your life. Such self-reflection will awaken deep feelings of gratitude for all the blessings bestowed upon you, including the greatest gift of all: your life itself.

During the first half of the month, you may feel the inner you begin to stir. Your dreams may be

intense, graphic, and highly revealing. They are a source of insight if you care to listen. There is a sub-conscious attempt to communicate, not with others but with your deeper self.

Let career, finances, and romance all take a back seat during this important spiritual time. You will be quite safe.

If possible, take some time off. At the very least, walk in the woods, sit at a lake, or otherwise bring yourself in close contact with nature. Keep a journal and write down your dreams, insights, and revelations. They will offer insight into your life's direction.

Your Personal Month for May-2027 is 8

May brings financial rewards, as well as respect and recognition. This, of course, is proportional to the effort you have put out during the past year. May is a month to focus on career, to be a visionary, and not to hold back when it comes to showing the world how capable you are. For those who are in business, this is a good time to finalize deals and sign contracts. Investments are generally favorable, as are requests for loans, mortgages, or other methods of financial support. In all worldly matters, this is a time to reach out, to go for your goals. Do not be afraid to take a risk.

As far as matters of the heart are concerned, this is a time to take yourself and your feelings with a grain of salt. You are in a generous mode and feel blessed with so many good friends, but when it comes to commitment, you may want to wait a couple of months, when you are more realistic in these matters.

If you are not involved in a relationship, a coincidental meeting with a person from the past sparks a romance.

Your Personal Month for June-2027 is 9

June brings a bit of moodiness and instability. You have completed many tasks and enjoyed many rewards during the first half of the year, and now you may be feeling a bit empty -- not unlike the fatigue one has the day after a party. It may be a minor case of burn-out, but for reasons you cannot put your finger on. It is a time to let go of many old things and prepare for the new.

You have had some good ideas during the first part of the year. You have been motivated and experienced much excitement, but not all of your ideas proved realistic. Now reality forces you to take a second look at your projects and goals in a new light. It's a weeding out period. The positive side of the coin is that, by the end of this month, you'll have a clearer perspective on your direction and projects. You'll know where to place your energy during the second half of the year. While you may find yourself going through some ups and downs during this month, you also feel the first

trembling of new excitement.

This month also brings a concluding chapter to one or more relationships, which may cause additional emotional turmoil. However, you are going through a time of natural selection; what is worth holding on to will stay. The rest will go.

Your Personal Month for July-2027 is 1

July is a time of dynamism, courage, and eagerness to begin the new. Last month's blues are gone and you feel you are on top of the world. You are more original and creative than at any time of this already creative year.

There is a distinct possibility that you will be able to break out of unrewarding patterns. You may even consider a career change or start your businesses. It is not a time to be squeamish in any area of your life -- be it money, career or romance. You may experience an urge to write, paint, or express yourself in some other creative way. By all means, take on the challenge.

If you are not already involved you may meet someone, but the relationship, while intense and passionate, may not be a lasting one.

July is a month that will also bring opportunities to mingle with new acquaintances at social events. You will be outgoing and witty. These are great opportunities to make lasting contacts that will help your career and other endeavors.

Your Personal Month for August-2027 is 2

August requires a sensitive and cooperative attitude at work and in all other areas. You are upbeat and optimistic during the early part of this month, but an anticipated reward or recognition may go to someone else, much to your dismay.

Your challenge is to set the record straight by using your diplomatic skills. Do not allow anger to alienate you from those involved. Otherwise, relationships go favorably this month. You are in a position to smooth out some long-standing disagreements between people close to you. Often, these disagreements do not involve you directly. You have the opportunity to serve as a peacemaker.

Romance is favorable, your feelings run deep and your ability to communicate them is enhanced. A good month to spend extra time with your lover.

Your Personal Month for September-2027 is 3

Teddy, your creativity is at an all-time high. You find solutions and discover new ways to improve old methods.

You are communicative and express yourself well. You have a strong urge to write to old friends you haven't seen in some time. This need to re-establish relationships with people may even surprise you.

At work, you discover that it is easy to reach others and influence the way they feel about themselves and their work.

You uplift them and are rewarded with gratitude and support.

This is a time to be social, easy-going, and optimistic.
